Re: Stage 3 Design Plans
FRA-US62-4.90, PID No. 119042
Drainage Improvements
RII #W-23-141

Dear Mr. Marshall:

Enclosed please find one copy of the Stage 3 design plans, for the above captioned project. **We would like you to review these prints and mark the locations of your facilities on them. This is so we can determine if our proposed work on this project causes any impact on your utility facilities in the area. We would appreciate any of your comments that would help us in the development of this project.** Please complete your review and return the plans with your existing facilities noted, along with any comments, to us for design consideration by July 30th, 2025.

If your facilities are buried please show the approximate location and depth. If your facilities are aerial show the direction they run from pole to pole, along with the pole numbers, and the approximate offsets from centerline.

Thank you for your cooperation and if you should have any questions or require any further information, please do not hesitate to contact me at (614) 823-4949 or by email at sam@resourceinternational.com.

Sincerely,

RESOURCE INTERNATIONAL, INC.
