Other potential conflicts may include existing storm, sanitary and combined sewers; overhead power and lighting lines; utility service connections and other above and underground facilities.

* Utility facilities located under existing Broadway Avenue. AT&T conduit banks under existing Broadway Avenue cannot be relocated.

** Utility facilities located under existing E 14th Street. AT&T conduit banks under existing Broadway Avenue cannot be relocated.

*** Utility facilities located under existing Orange Avenue.

Revision Date:
November 23, 2009

BROADWAY AVENUE RETAINING WALL

Facility Crossing under Proposed Wall

No immediately identified underground utility conflicts, however, potential conflicts may include existing storm, sanitary and combined sewers; overhead power and lighting lines; utility service connections and other above and underground facilities.

BROADWAY AVENUE

The facilities tabulated below are located inside the proposed Broadway Avenue ROW.

Roadway from E 9th Street to E 14th Street

No immediately identified potential conflicts.

Roadway from E 14th Street to existing Broadway Avenue

Facility	Active Status	Location		Facility Ownership		Property Ownership		Facility Impacted	Compensable Status	Priority	Relocation Information
