You don't often get email from qfortaleza@egas.net. [Learn why this is important](#)

Good Morning,

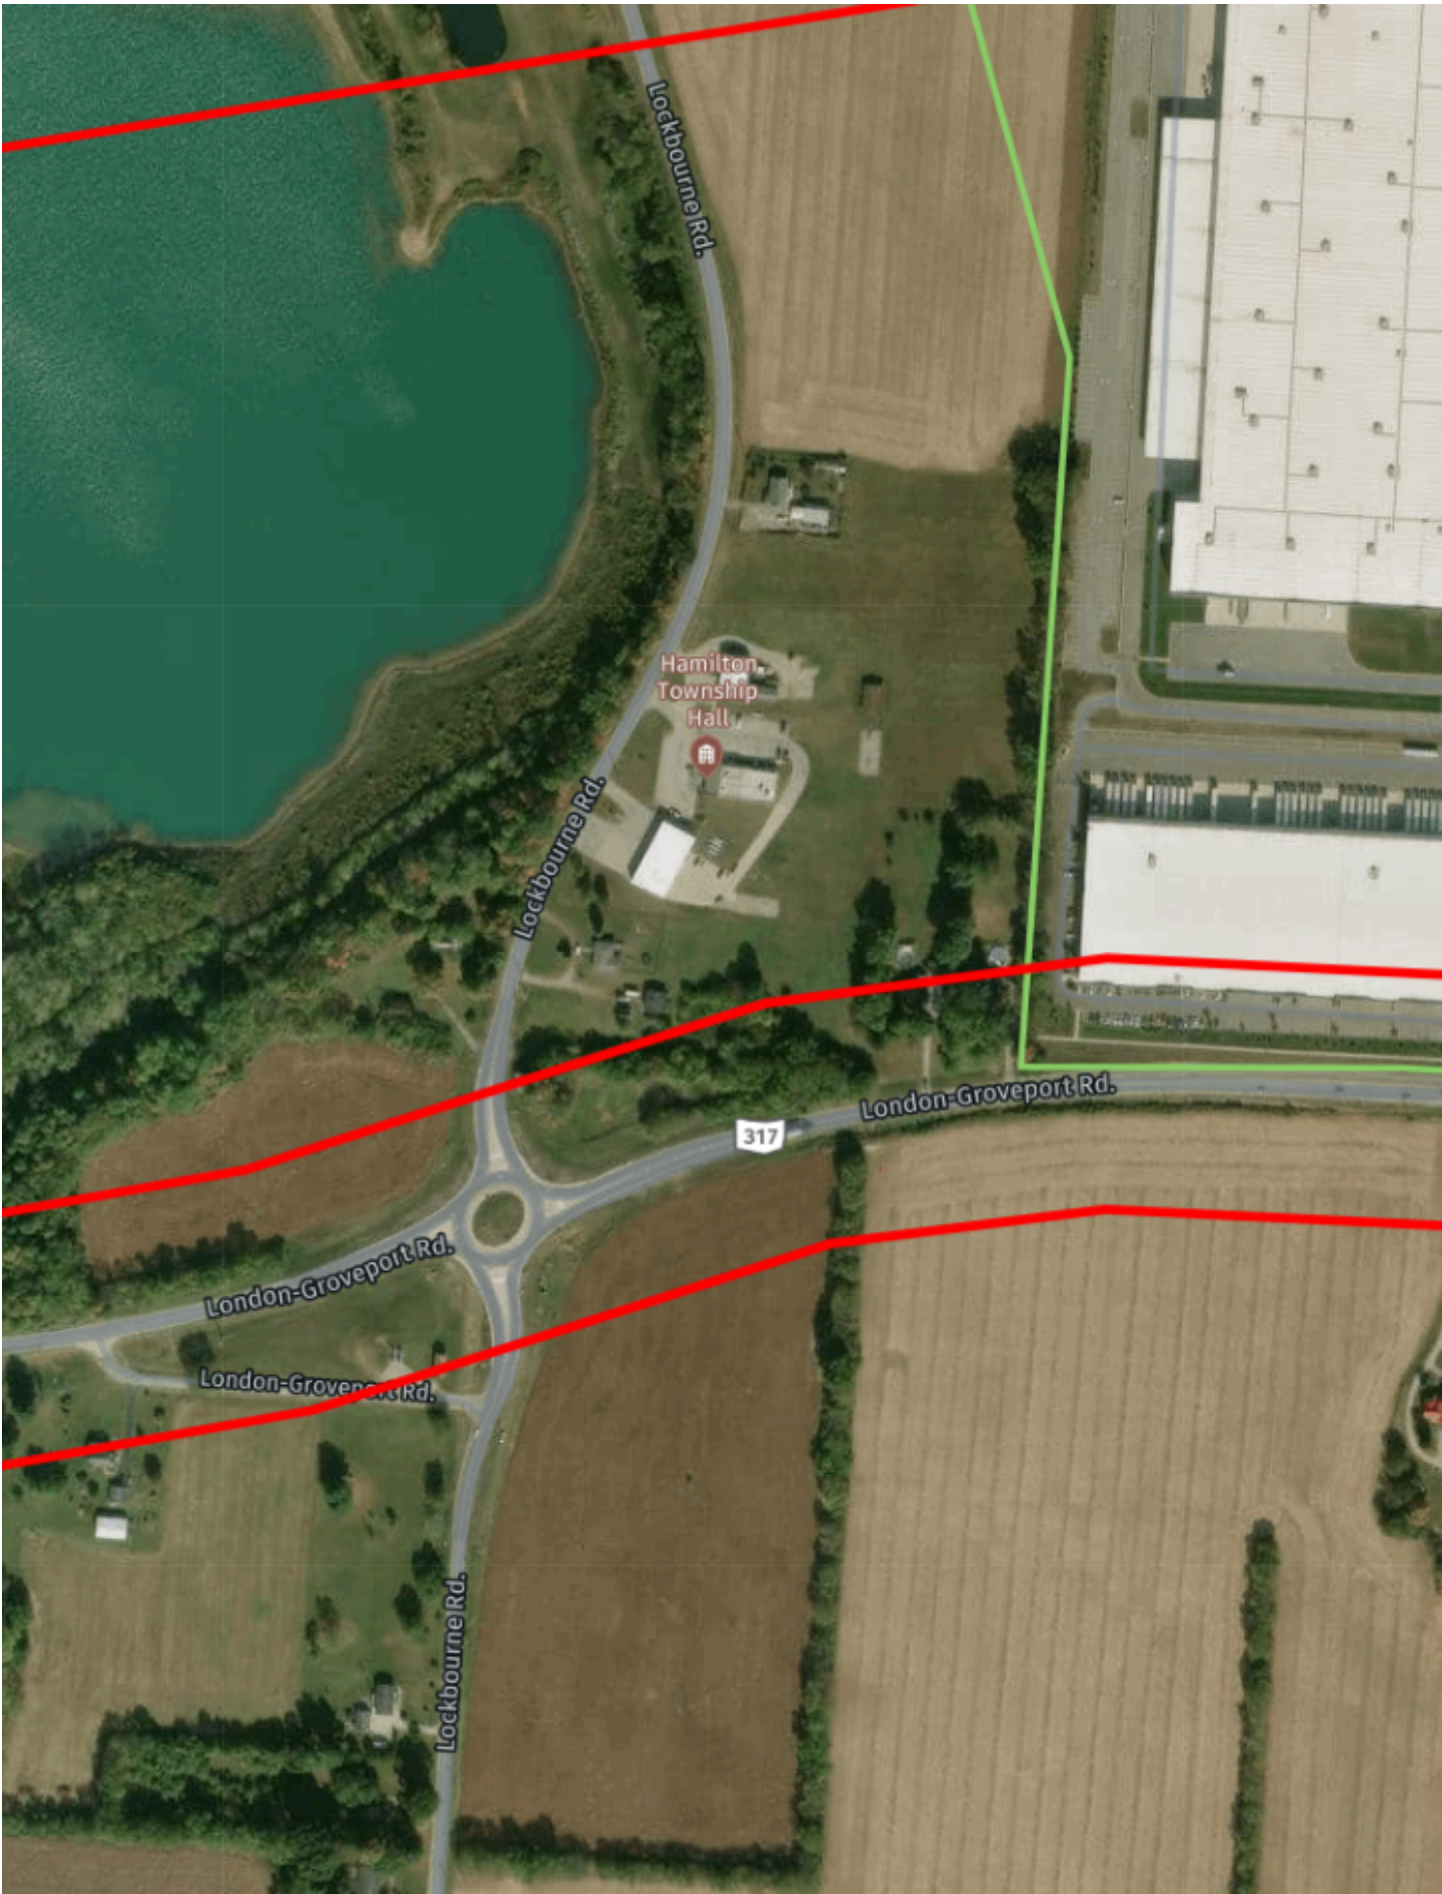

I received and was assigned the new design ticket below. Attached you will find a schematic showing the approximate location of our pipeline. Please note that these are approximate locations and should not take the place of actual field located facilities. Not all service lines and meters may be shown on the schematic at this time. We appreciate your designing this project by working around our existing facilities if at all possible. Please call with any concerns you may have so that we can work together to resolve any potential issues. If you wish to have our facilities field located, a new OUPS ticket must be called in for this request. When you are ready to begin actual work, please call in an OUPS request. OUPS guidelines require a minimum of 48-hour notice so that we may mark our facilities before actual construction occurs.

If you have any further questions, please reach out to me.

Queenie F. Ragland | Engineer

5640 Lancaster-Newark Rd NE

Pleasantville, OH 43148

Office: 740-400-4319 Cell: 740-400-2509
