

1. Their relocation Plan is to start a new build from Point 1 at 8th and Linn St.
2. Build to Point 2 where they will intersect AT&T proposed path on Freeman. (This proposed AT&T route starts at Gest and 3rd set and goes Outside of BSB all the way around to Freeman and Guest @I-75)
3. Pull Fiber from point 2 to point 3 where they will enter AltaFiber MH that will remain in service.
