**Cc:** Willis, Emily  
**Subject:** MOTEC DECISION RENDERED LOR-90-10.76 PID 107714

Your policy exception request for a long-term system ramp closure as described in the [linked folder](#) has been approved by the Maintenance of Traffic Exception Committee (MOTEC).

Per MOTEC Request: A Work Zone Queue Detection Warning System has been requested in order to mitigate queueing, this is in accordance with [TEM Section 642-57](#). Please ensure that the plans include [Plan Note 642-32](#) Approved Maintenance of Traffic (MOT) Policy and [Plan Note 642-57](#) Work Zone Queue Detection Warning System.

### Notifications During Closure Required

A designated on-site point of contact should communicate with the TMC as the status of the closure changes.

Contact the TMC:

- If the closure is postponed or cancelled
- At the time the closure is implemented
- At the time the closure is removed and all lanes restored
- If the closure will not be opening on time

Contact can be made with the TMC in the following ways:

- Phone: 1-614-387-2438 or 1-800-884-4030 gar
- Email: [StatewideTMC@dot.ohio.gov](mailto:StatewideTMC@dot.ohio.gov)
- Radio: XDOT Main

Let me know if you have any questions.

Thank you.

### Christopher M. Wilson, P.E.
