

Appendix I – Field Review Checklist

The Department recognizes that the R/W Designer/Reviewer alone may not be able to answer some of the questions regarding the review tasks below. However, the R/W Designer/Reviewer shall consult with the project design engineer, project manager and/or District REA to address all questions below.

County-Route-Section: MOT-SR125/JAWATCA T34 PID: 120371 Date of Field Review: 8/26/2024
 Review Performed By: ADAM FLEENOR Phone Number of Reviewer: 614 686 2430
☒ Preliminary Right of Way Review Submission ☐ Final Right of Way Plan Submission

This form is intended to document the Right of Way Designer/Reviewer's required field review of the project site.

Item	Yes/No	Approximate Location of Deficiency/Other Comments
<i>Were any of the following existing above ground features omitted or misidentified in the plans?</i>		
1 Roads (including pavement and shoulders)	NO	
2 Waterways (e.g., streams, rivers, lakes, ponds, creeks, ditches, wetlands, etc.)	NO	
3 Railroads	NO	
4 Driveways (Commercial, Residential, Field) and drive pipes	NO	
5 Buildings (e.g., residential and commercial structures, Out-buildings, etc.); including steps, overhangs, porches, sunroom, decks, etc. within 100' of existing or proposed R/W	NO	
6 Fences (private and limited access w/ length) and gates	NO	
7 Catch basins, manholes, inlets, or other drainage features	NO	
8 Retaining, MSE, retaining, soldier, lagging, walls	NO	
9 Mailboxes	NO	
10 Sidewalks (private and/or public)	NO	
11 Guardrail or Cable barrier	NO	
12 Trees, bushes, shrubs, landscaping, planter boxes, etc.	NO	
13 Curbs and gutters	NO	
14 Non-highway signs (private) and billboards (ADC), including electrical connections	NO	
15 Encroachment (supports and overhangs)	NO	
16 Utility poles (power, telephone, cable, etc.) Applicable easements MUST be noted on plans.	NO	
17 Water wells	NO	

Appendix I – Field Review Checklist

	Item	Yes/No	Approximate Location of Deficiency/Other Comments
18	Oil/natural gas wells.	NO	
19	Private poles (lighting, etc.)	NO	
20	Sprinkler Systems	NO	
21	Monuments (centerline and right of way)	NO	
	<i>Is there evidence that any of the following below ground features have been omitted or misidentified in the plans?</i>		
22	Septic systems (leach fields, septic tanks, etc.)	NO	
23	Underground utilities (gas, water, power, cable, telephone, oil, etc.) Applicable easements MUST be noted on plans.	NO	
24	Underground storage tanks	NO	
25	Cisterns	NO	
26	Farm and field tiles	NO	
27	Storm sewers and culverts	NO	
28	Structural foundation (retaining wall, bridge, building, etc.)	NO	
29	<i>Are all topographic items near construction limits identified as (Take or Save/DND)?</i>	YES	
30	<i>Does the type of take fit the construction work being performed?</i>	YES	
31	<i>Does there appear to be sufficient room for construction access, including maintenance of traffic?</i>	YES	
32	<i>Are land uses (e.g., residential, commercial, etc.) correctly identified?</i>	YES	
33	<i>Does the general site topography (i.e., location of hill/valleys, etc.) appear to be correct?</i>	YES	
34	<i>Does there appear to be sufficient room for utility relocation?</i>	YES	
35	<i>Are there any other features that might impact the right of way plans?</i>	NO
