

PID No. 125030 State Job No. 130007  
Scope of Services Meeting Time: 11 a.m.  
Date: Thursday, March 12, 2026

## **GENERAL ENGINEERING SERVICES, Ohio Rail Development Commission (ORDC) Scope of Services**

The consultant may be required to perform miscellaneous design tasks, plan review, and environmental investigations on a task order type basis. Basic services may include, but are not limited to, the following:

- Surveying Services
- Regulated Materials Review
- Level 1 Ecological Surveys
- Traffic Studies
- Real Estate Title Searches
- Traffic Counts
- Plan reviews
- Traffic signal design for railroad preempted traffic signals
- Non-complex roadway design
- Bid package preparation
- Conceptual layouts for railroad warning device projects
- Project estimating for railroad preempted traffic signals
- Project management services for railroad preemption projects
- Inspections of all components of traffic signal and railroad warning device timing at locations with preemption.

All work shall be performed on an actual cost basis with the exception of analytical tests. The consultant shall maintain a project cost accounting system that will segregate costs for individual task orders.

The duration of the agreement will be twenty-four months from the authorization date of the agreement.

The total amount of this agreement shall not exceed \$600,000.
