

VAR-STW- Ped Bike Planning FY26

CENTRAL OFFICE SAFETY PROGRAM

Scope of Services

Perform miscellaneous tasks associated with bicycle and pedestrian planning, technical assistance, studies, and initiatives. Major tasks will involve assisting ODOT and locals with development of school travel plans, development of local or regional active transportation plans, and other active transportation related technical assistance such as feasibility studies.

More information on ODOT's Bicycle and Pedestrian initiatives is available at [Active Transportation | Ohio Department of Transportation](#)

Anticipated Activities include but are not limited to:

1. Development of School Travel Plans for local partners
2. Development of local or regional Active Transportation Plans. Review [Scope of Services](#).
3. Planning and technical assistance related to project development.
4. Conduct feasibility studies for ped/bike projects.
5. General best practice review, research, documentation, reporting on bicycle and pedestrian initiatives.
6. Conduct training or webinars on active transportation resources and topics as necessary.
7. Work closely with ODOT program staff, district staff, local communities, and other consultants.

The basic services will include:

Active Transportation (bicycle & pedestrian) Planning
School Travel Plan Development
Stakeholder Outreach and Engagement
Geographic Information Systems (GIS) mapping
Walkability/Bikeability Studies
Bicycle/Pedestrian Road Safety Audits
Bicycle Facility Design
Pedestrian Facility Design
Cost Estimates
Feasibility Studies
Basic Traffic Signal Design
Non-Complex Roadway Design
Mapping
Facility Renderings
Traffic Counts
