Hello Kimber,

Attached is the revised (final) RW Plans that show an update to PCL 1 ("Do Not Disturb" for Utility Poles) that eliminates the need for a PCL 1-PP Relocation. Please review and provide updated plan sheets to owner or owner's attorney. Also, because the plans show the building as a removal item, I think we will need to provide the Asbestos Report at certification for plan file.

Hi Luke:

Attached is the transmittal for submission to County. I could not find any newer construction plan sheets than Stage 2, but they may be available. Thanks!

Please let me know if you have any questions, comments, or concerns. Thank you.

Respectfully,

**John R. Wooldridge**
