Kimber,

Thank you for your email. At this time, my client cannot obtain an appraisal because, if ODOT modifies or abandons this project, there is no mechanism to recover the appraisal fees. If ODOT will agree to reimburse my client for his appraisal fees in the event that the project is abandoned or modified, then my client would be willing to obtain an appraisal. Is ODOT willing to do this? If not, then we will wait for the petition to be filed.

Sincerely,

Aaron E. Kenter, Esq.

Good morning Atty Kenter:

In order to consider any additional counter offer, I will need to review your supporting documents for any compensation above the \$25,000.00. Our appraiser considered all factors with respect to this property and any increase of FMVE will have to be reasonable and supportable. As previously requested, send me any appraisal you may have that supports an increase in compensation. With that said, the State cannot consider any increase above \$25,000.00 as was previously offered. Once you have provided your documents showing a supportable highest and best use, supported increase in value of the agricultural land, and value of the structure on this property which indicates a raise to what was offered as FMVE, the State will review these documents and further negotiations can take place. I look forward to reviewing your supporting documentation and working towards closing this acquisition.

Best regards,

Kimber L. Heim

Kimber,

Thank you for your email and counter offer. My client cannot accept your offer, but has authorized me to submit a counter in the amount of \$167,500. If this is acceptable to ODOT, please provide me with copies of the settlement documents and I will review and present same to my client for execution. Thank you and have a nice weekend.

Atty Kenter:

Although our appraisal is appropriate and supported, I am authorized to increase the State's offer to FMVE \$25000 and honor Mr. Eichhorn's request to salvage the building materials which will need to be removed before the project is sold. Thank you for your consideration.

Kimber,

Our figure is based on an analysis of the appropriate highest and best use for the portion of the property taken, the value of the structure taken, and the damages which will result to the residue. If ODOT disagrees with our analysis, I invite it to make a counter offer.

Sincerely,

Aaron E. Kenter, Esq.

Thank you for your quick response Attorney Kenter. Please provide the research you are utilizing for your counter offer of \$175,000. All counter offers need to be reasonable and supportable, at this time current comparable properties do not support such an increase in compensation. Thank you for your time and efforts in gathering the background materials.
