Hi Greg,

I am available 9-930 or 1-4 today.

The plans are likely to change (removal of MOT) and most of the takes overlap an existing utility easement.

Maybe we should wait for the next set of plans and meet then with CO (Patrick and Harvey) as they will need to agree to scope as ASC and Reviewer? Thanks!

Respectfully,

John R. Wooldridge

Grag,

In reviewing the plans, there appears to be multiple parcels that may require an analysis regarding proximity. Kevin and I agree that we should at least have a call with JR and the appraisal reviewer to discuss the project prior to submitting a

fee proposal because it will significantly change the appraisal fees if they are full narratives. Please let us know your thoughts.

Thanks,
