

### **WTS Sharon D. Banks Memorial Undergraduate Scholarship**

WTS fosters the development of women in the transportation field by encouraging bright new professionals to undertake careers in the area of transportation. One way it does this is by awarding the WTS Sharon D. Banks Memorial Scholarship to women pursuing undergraduate studies in transportation or a related field.

The scholarship honors Sharon D. Banks, chief executive officer of AC Transit in Alameda-Contra Costa County, California. As its CEO throughout most of the 1990's, Banks led the agency in a pioneering effort to introduce cultural and organizational changes aimed at motivating the public transit workforce. She was a member of the WTS Advisory Board and received the WTS San Francisco Chapter Woman of the Year and Employer of the Year awards.

The WTS Sharon D. Banks Memorial Undergraduate Scholarship is **\$5,000**.

The minimum criteria for selection are:

- a. GPA of 3.0 or higher.
- b. Currently enrolled in an undergraduate degree program in a transportation-related field, such as transportation engineering, planning, finance, or logistics.
- c. Plans to pursue a career in a transportation-related field.

Applications must be submitted through local WTS chapters as typed documents. Scholarships are competitive and based on the applicant's specific transportation goals, academic record, and transportation-related activities or job skills. National awards will be presented during the upcoming WTS Annual Conference in May, and attendance during the awards ceremony is strongly recommended. Conference registration for scholarship winners is complimentary. Local chapters will assist with arrangements upon selection and may have additional requirements, such as personal interviews or higher GPA. Please contact your local WTS chapter for specifics.

### **Professional or School Affiliations Continued:**

Semper Fidelis Award – I was given this award in my senior year of high school for musical excellence. I played oboe for the high school marching band, pit, and concert band. In high school I also played oboe for the Wichita Youth Symphony orchestra and the South Central Kansas Music Educators Association Honors Band. I played flute for the high school marching band and pit. I played alto saxophone and tenor saxophone for the high school jazz band. In high school I also played tenor saxophone for the South Central Kansas Music Educators Association Honors Jazz Band. I also took piano lessons outside of school.

---

Cedarville University Wind Symphony – At the request of the director, I played english horn in the group for a song. The director later requested that I join the group for a semester, so I also played oboe in the group for spring of 2025.

---

Cedarville University Orchestra – I have been involved in the Cedarville University Orchestra both during freshman and now sophomore year. I play oboe for the group, and I also take oboe lessons to further develop my musical abilities.

---

Tau Delta Kappa Member – I am a member of Tau Delta Kappa at Cedarville University. This is a student organization for those in the Cedarville honors program. This program is an application-based path that focuses on additional academic enrichment.

---

ASCE Cedarville University Member – As a part of Cedarville University's Chapter of the American Society of Civil Engineers I get to gather with other civil engineering students to learn about job opportunities as well as to network. Furthermore, I have been a student member of ASCE which allowed me to travel with a team from my school and compete in the Eastern Great Lakes ASCE Symposium in spring of 2025. This included professional growth, competitions, and networking opportunities. I competed in the surveying, concrete novelty, and wastewater/water filtration competitions. We placed 2<sup>nd</sup> in the wastewater/water filtration competition. I am competing with my school again in spring of 2026.

---

Society of Engineers Aiding Missions Member – As a member of this organization at Cedarville University, I have developed basic soldering skills for assembling solar powered reading lights as well as praying over engineers serving in various communities.

---

SWE Cedarville University Member and Mentor – In Cedarville University's Society of Women Engineers, I enjoy learning and networking with other female engineering students. Furthermore, now that I am a sophomore, I am a mentor. This means I am assigned to a younger engineering student to advise, hang out with, and just help welcome into the engineering department.

---

Cedarville University's Cardboard Canoe Competition – I collaborated in a 5-person team to design and build a canoe out of cardboard and packing tape. Aside from successfully completing the canoe race, my team's canoe was the last canoe floating at the end of the demolition derby.

---

Cedarville University's Impromptu Design Competition – I worked in a 3-person team to construct a ramp out of limited supplies under a time constraint. Each ramp was tested by sending a model car down it and measuring the distance traveled. The entire freshmen engineering class competed, and my team won the competition.

---

Cedarville University's Tilttable Water Tower Competition – I planned and made the tower in a 4-person team. This included AutoCAD, Excel computations, construction, reports, and testing. The tower was loaded with approximately 520 pounds.

---

Cedarville University's Truss Competition – I worked in a 4-person team to design and build a truss. This included AutoCAD, Excel computations, assembly, and reports. I was responsible for all the CAD work for my team. The truss withstood just over 1770 pounds receiving first place for the load category of the competition with a load nearly double that of second place.

---

### **Work Experience Continued:**

Cedarville University Banquet Worker – I set up banquets, serve food, refresh drinks, pick up banquets, transport food and supplies, lead new workers, and work both independently and as a team.

---

MKEC Civil Engineering Intern – I filled out stormwater BMP applications, attended civil drafting lunch and learns, took site photos, worked on plot plans, wrote a legal description for splitting a lot, made exhibits for changes to properties, and updated floodplains. I was offered two internships for the summer of 2026. I worked this MKEC internship the summer of 2025. I was asked and accepted the offer to return to MKEC for the summer of 2026. In my offer they invited me to work within their transportation department this summer!

---

December 30, 2025

Dear Members of the Scholarship Selection Committee,

I am pleased to recommend Sydney Amrine for the WTS Sharon D. Banks Memorial Undergraduate Scholarship through the Southwest Ohio WTS Chapter. Sydney is a sophomore in the civil engineering program at Cedarville University, where I serve as Professor and Head of Civil Engineering. I have known her for about a year as her instructor in two courses, including my surveying class.

Sydney is an excellent student with a clear interest in transportation engineering. In surveying, a course typically taken by juniors and closely related to transportation applications, she earned one of the highest grades in the class despite being a sophomore. Her performance reflected strong technical ability, careful preparation, and a genuine engagement with the material.

She takes her academic and professional development seriously and is proactive in seeking guidance from faculty regarding coursework and career paths. Sydney also completed an engineering internship after her freshman year, demonstrating initiative and early commitment to gaining relevant experience. In team settings, she has proven to be a reliable teammate and clear communicator.

Sydney's passion for transportation, combined with her academic ability and strong work ethic, makes her an excellent fit for a scholarship intended to encourage and support women pursuing careers in this field. I am confident she will continue to grow into an impactful engineer, and I am pleased to give her my strong recommendation.

Sincerely,

*David B. Dittenber, PhD, PE*

Professor and Head of Civil Engineering  
Assistant Dean of the School of Engineering and Computer Science  
Cedarville University  
[ddittenber@cedarville.edu](mailto:ddittenber@cedarville.edu)   Office: +1-937-766-8029

### **Personal Statement:**

Without engineers in transportation, travel would be dangerous. This summer, part of my internship experience includes working in a transportation department. All my life I have been exploring the world. From the narrow roads of Italy, snowy bridges in Canada, and world's most curvy road, Lombard Street, in San Francisco, I have seen how transportation differs across the globe. Transportation engineering unites my passion for engineering with my love of travel. Transportation excites me because it is a crucial part of life.

The FAFSA bases aid on my parents' money. Because of this, I get little government aid. I alone pay for my college tuition, housing, meals, etc. via private loans and scholarships. I pay for loans by working year-round. This has further taught me the leadership skills of accountability, discipline, and ambition.

Without a good leader in transportation, financial ruin or even deaths can occur. Society has to trust engineers in their everyday life. When bridges collapse or heavily trafficked roads result in accidents, society doubts their engineers. Strong leaders in transportation allow society to feel safe on their drive to work. A leader can make or break a group. Aside from the technical aspects of leading, a leader must also support and encourage their team. I have been in many different leadership positions.

The birth of my sister was my inauguration as a leader. From ending arguments between my sisters to cheering them on, being a big sister taught me the fundamentals of leading. Throughout high school, I led in many different ways. I was section leader for the flutes. I ensured they had the latest information on competitions and performances, helped them with their music, and supported them as we played. I was a student ambassador at school. I volunteered at sales, gave new students tours, helped students find their classes, and led by example. Outside of school, I was a Team Captain for the global nonprofit Smile Train where I communicated with ambassadors, provided ideas, and was available for questions about fundraising for cleft lip and palate care.

Finally, at my jobs, I helped new employees. At Charlie's Car wash I oversaw new workers and guided them on areas to improve. At Papa Murphy's I answered questions, helped instruct new workers on the register, and helped with specialty pizzas. I set an example as the only employee at our location getting paid for earning A's while working there and was interviewed for this achievement. For my current job as a banquet worker, I help new workers set tables, navigate buildings, and locate items. I worked as a lab aid where I helped answer questions and guided freshmen engineering students on TK Solver. I find leadership roles without looking. For example, I was appointed ticket selling team leader for Cedarville University's engineering dance, and I am excited for my role in making the dance a success! I am thrilled at the possibility of leading within transportation and grateful for the blessing of being considered for this scholarship.

Fran Campbell, Registrar

Cedarville University is a Baptist university of arts, sciences, and professional programs located in southwestern Ohio. Accreditations and certifications include:

Higher Learning Commission (institutional accreditation)  
 Ohio Department of Higher Education (approval of programs and degrees)  
 Accreditation Commission of the Accrediting Board for Engineering and Technology (engineering program accreditation)  
 Accreditation Council for Pharmacy Education (pharmacy program certification)  
 Association of Christian Schools International (certification for training teachers for Christian schools)  
 Association of Collegiate Business Schools and Programs (business program accreditation)  
 Commission on Accreditation for Athletic Training Education (athletic training program accreditation)  
 Commission on Collegiate Nursing Education (nursing program accreditation)  
 Council on Social Work Education (social work program accreditation)  
 National Association of Schools of Music (music program accreditation)  
 National Council for the Accreditation of Teacher Education (education program accreditation)  
 Ohio Department of Education (certification for training elementary and secondary teachers)  
 State of Ohio Board of Nursing Education and Nurse Registration (nursing program approval)

**Calendar System:**

Before September 1967 - Semester Calendar based on 18 weeks of instruction, 50 minute class sessions  
 After September 1967 - Quarter Calendar based on 11 weeks of instruction, 50 minute class sessions  
 After May 2002 - Semester Calendar based on 15 weeks of instruction, 50 minute class sessions

**Grading System:** 4-point system

Grades calculated in GPA:

A = 4.0	C- = 1.7
A- = 3.7	D+ = 1.3
B+ = 3.3	D = 1.0
B = 3.0	D- = 0.7
B- = 2.7	F = 0.0
C+ = 2.3	WF (Withdraw Failing) = 0.0 through Summer 2002
C = 2.0	Z (Did Not Officially Withdraw) = 0.0

Grades not calculated in GPA:

AU = Audit	P = Pass*/Proficiency Course
CR = Credit*	NP = No Pass/Proficiency Course
NC = No Credit	W = Withdraw
I = Incomplete	WF = Withdraw Failing (Effective Fall 2002)
INC = Permanent Incomplete	WP = Withdraw Passing
K = Transfer Credit	CE = Credit by Examination
NR = No Grade Reported	*equivalent to "C" or better

Prior to January 1980, hours for courses with grade of "credit" (CR) were not included in total hours attempted or earned. It is necessary to add the total number of hours for credit courses to the total number of hours earned to determine the total number of hours toward graduation. After January 1980, the credit hours for these courses are included in the hours attempted and hours earned.

All attempted hours are included on the transcript, including Incompletes (I).

**Repeat Courses Designators:** Displayed after the grade

Before July 1987 -	"R" indicates that the course is repeated later and the first grade is not calculated in the GPA "T" indicates that the course is repeatable or has been repeated; the grade is calculated in the GPA
After July 1987 -	"X" indicates that the course is repeated later, and the first grade is not calculated in the GPA "R" indicates that the course is repeated later and both grades are calculated in the GPA "T" indicates that the course is repeated by transient study; the grade is calculated in the GPA

**Degrees Granted:**

A.A.	Associate of Arts	B.S.M.E.	Bachelor of Science in Mechanical Engineering
B.A.	Bachelor of Arts	B.S.N.	Bachelor of Science in Nursing
B.M.	Bachelor of Music	M.B.A.	Master of Business Administration
B.M.E.	Bachelor of Music Education	M.Ed.	Master of Education
B.S.	Bachelor of Science	M.Min.	Master of Ministry
B.S.C.E.	Bachelor of Science in Civil Engineering	M.Div.	Master of Divinity
B.S.Cp.E.	Bachelor of Science in Computer Engineering	M.S.N.	Master of Science in Nursing
B.S.E.E.	Bachelor of Science in Electrical Engineering	Pharm.D.	Doctor of Pharmacy

**Certificates:**

Secretarial Certificate I: One-Year Secretarial Certificate (discontinued August 1981)  
 Secretarial Certificate II: Two-Year Secretarial Certificate (discontinued August 1985)  
 Bible Certificate: One-Year Program

**Graduate Programs:**

Cedarville University was authorized by the Ohio Board of Regents to offer graduate programs in June 1999. Graduate courses were first offered in January 2000. The graduate program utilizes the semester calendar. The grading system is a 4-point system.

This Academic Transcript from Cedarville University located in Cedarville, OH is being provided to you by Parchment, Inc.
