

SEPTEMBER 2025 PROGRAMMATIC

D11 Proj.: TUS-250-2.22 PID 121654

Department of
Transportation

This presentation will provide an overview of the subject project that will be placed on the upcoming programmatic selection for consultant design services.

TUS-250-2.22 PID 121654

- Project Description: Construct a single-lane roundabout at the intersection of US 250 and SR 21 to improve safety and reduce congestion.

2 | Proj. TUS-250-2.22 PID 121654

Department of
Transportation

The project will improve the safety and congestion by constructing a new single-lane roundabout at the intersection of US 250 and SR 21 in Tuscarawas County, just north of the Village of Strasburg. The project is located at SLM TUS-250-2.22.

AVAILABLE PROJECT INFORMATION

- Some project information is available at the following FTP site:
 - <https://ftp.dot.state.oh.us/pub/Districts/D11/121654>
 - The PIP will be released through SAFE on the programmatic scheduled date
 - D11 does not release the PIP early
 - All information on the FTP site is subject to change, please review the information in SAFE to create your LOI

Additional project information is available on the District 11 ftp site, at the link shown on your screen. The Project Initiation Package document, along with a more complete and detailed scope of work will be released through The ODOT Scope and Fee System (or SAFE) at the request for LOIs. All information on the FTP site is subject to change. Ensure you review the ftp site and the information in SAFE before completing your LOI for this project.

Here is an image showing the anticipated project limits from ODOT’s TIMS application.

PROJECT SCOPE

- The major items of work include:
 - Replace the stop-controlled T-intersection with a modern single-lane roundabout
 - Replace existing drainage facilities with new drainage all the way to the outlet structure near the railroad tracks
 - A combination of new ditches and enclosed storm sewers is anticipated
 - Install new highway lighting
 - Maintain traffic with flaggers and temporary traffic signals
 - Utility relocation is anticipated
 - Only temporary right-of-way is anticipated

The major scope items are listed here. An updated and more complete list will be released in SAFE at the beginning of the LOI process.

CONSULTANT PREQUALIFICATIONS

- Non-Complex Roadway Design
- Limited Lighting Design
- Various Environmental Services
- Various Geotechnical Services
- Subsurface Utility Location Services
- Limited ROW Plan Development

The consultant prequalification's required for this project are shown here.
