Breck,

Thank you for confirming that there will be no conflicts and for the additional clarification for future plan reviews. As we discussed on the phone, I will pass the altafiber review email contact along to the rest of the Ohio Roadway Team at HDR for future review needs.

Stage 3 plans are being submitted in April of next year. I will follow up with Stage 3 plans when available and notify you if any design changes trigger further coordination review at that time.

Enjoy the holidays,

Hunter Durbin, PE

Subject: HAM-275-5.25 (PID 116626)

You don't often get email from breck.cowan@altafiber.com. [Learn why this is important](#)

CAUTION: [EXTERNAL] This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hunter,

CBT/altafiber records indicate we have no UG or aerial facilities at the project location. Moving forward please **do not** send plans for altafiber review directly to Tim Seestedt. We have an *Inbox* set up for this purpose.

Send any plans for altafiber review to: RoadProjects@altafiber.com
