OTHER DEPARTMENT OWNED PROPERTY – Known Environmental Conditions

- Properties highlighted as 46E, 60E, 55E on sheet 13 – This location has known water resources (Stream 7 – intermittent and Stream 5 - intermittent) as well as suitable wooded habitat for state and federally listed bats. No known records of state listed plant or animal species were found in the Ohio Natural Heritage Database.
- Property highlighted as 90E pm sheet 14 – This location has suitable wooded habitat for state and federally listed bats. No known records of state listed plant or animal species were found in the Ohio Natural Heritage Database.
- Property highlighted as 106E pm sheet 14 – This location has known water resource (Stream 9 - perennial) and suitable wooded habitat for state and federally listed bats. This property has a known occurrence of Pink thoroughwort (*Fleishmannia incarnata*) that was identified during the 2012 ecological survey (I noted the location on the attached sheets). This state threatened plant is protected by ORC 1518.02. Impacts to this plant should be avoided, or the Contractor should coordinate with ODNR to relocate the species from the area to an acceptable location approved by ODNR prior to construction activities on the site.
- Property highlighted as 121E pm sheet 14 – This location has known water resource (Stream 10a - ephemeral) and suitable wooded habitat for state and federally listed bats. No known records of state listed plant or animal species were found in the Ohio Natural Heritage Database.
- Property highlighted as 126E pm sheet 14 – This location has known water resource (Stream 10b - ephemeral) and suitable wooded habitat for state and federally listed bats. No known records of state listed plant or animal species were found in the Ohio Natural Heritage Database.
- Property highlighted as 138E, 139E, 140E on sheet 14 – This location has suitable wooded habitat for state and federally listed bats. No known records of state listed plant or animal species were found in the Ohio Natural Heritage Database.
- Properties highlighted as 111E, 112E, and 114E on sheet 14 – This location has known water resources (Stream 9a - ephemeral) and suitable wooded habitat for state and federally listed bats. No known records of state listed plant or animal species were found in the Ohio Natural Heritage Database.
- Property highlighted as 96E on sheet 14 – This location has suitable wooded habitat for state and federally listed bats. No known records of state listed plant or animal species were found in the Ohio Natural Heritage Database.
