## 1.0 INTRODUCTION

---

A traffic noise analysis was prepared for noise sensitive receptors located along the proposed widening of I-90 in Lorain County: LOR-I90-10.76 (PID 107714). As part of the traffic noise analysis, several noise barriers were modeled. The results of the noise analysis determined that noise abatement was both reasonable and feasible for barriers benefiting Noise Sensitive Areas (NSA) A, E, F, and G (See figures in Appendix A). Those noise barriers will acoustically benefit 308 dwelling units. This report details the results of the public outreach efforts conducted for this project.

## 2.0 NOISE BARRIER LOCATION DESCRIPTIONS

---

The following barriers were determined to be acoustically feasible and reasonable:

- Barrier A: a 1300' long, 12' tall wall running along the shoulder of eastbound I-90 near the Ohio Turnpike Toll Booth in Elyria Township, with 14 benefited dwelling units.
- Barrier E-East: a 2550' long, 12' tall wall running along the shoulder of eastbound I-90 north of Gulf Road in the City of Elyria, with 33 benefited dwelling units.
- Barrier F-North: a 2800' long, 12' tall wall running along the shoulder of eastbound I-90 north of Abbe Road in the Village of Sheffield. When considered as a whole with Barrier F- South, the two barriers would benefit 155 dwelling units.
- Barrier F-South: a 6000' long, 12' tall wall running along the shoulder of eastbound I-90 south of Abbe Road in the Village of Sheffield. When considered as a whole with Barrier F- North, the two barriers would benefit 155 dwelling units.
- Barrier G-North: a 4552' long, 12' tall wall running along the shoulder of eastbound I-90 south of the SR 611 interchange in the Village of Sheffield and City of Avon. Note that Barrier G-North has two parts separated by the bridge over the railroad. Barrier G would benefit 106 dwelling units.

## 3.0 NOISE PUBLIC INVOLVEMENT METHODS

---

LOR-I90-10.76 (PID 107714) is a Type I project that falls under Title 23 Code of Federal Regulations Part 772.5 because it includes the physical alteration of an existing highway that increases the number of through-traffic lanes (adding capacity). For Type I projects, ODOT must solicit input from benefited property owners and residents regarding their desire for the noise abatement measure.

The ODOT Highway Traffic Noise Analysis Manual only permits traffic noise barriers to be constructed if the property owners and/or residents of the benefited properties respond in favor of construction of the proposed noise abatement. At least fifty-one (51) percent of the benefited property owners/residents in the NSA must approve construction of the recommended barrier for ODOT to move forward with design and construction of the barrier. If the majority of survey respondents ( $\geq 51\%$ ) do not want the noise barrier, or if there is a lack of interest or lack of response to the survey, then ODOT will not construct the noise barrier.

### 3.1 PUBLIC OUTREACH

Two rounds of letters on ODOT District 12 letterhead and surveys were mailed to benefitted receptors. Round 1 letters were mailed to all benefitted receptors on June 6, 2023 with a response deadline of June 30, 2023. The mailing also included a map of the relevant NSA and proposed noise barrier location. Sufficient responses were obtained from this mailing for all NSAs except NSA G. A second round of letters and surveys were mailed to unresponsive Area G receptors on July 10, 2023 with a response deadline of July 27, 2023.

Each letter briefly described the proposed project, explained that a noise barrier was determined to be feasible and reasonable in their area, and identified their property as a “benefitted noise receptor”. The letter also included a Noise Wall Survey with pictures of noise barrier color and texture choices and requested that they complete and return the Noise Wall Survey to District 12. See Appendix B for a complete mailing list of the identified benefitted noise receptors and Appendix C for a copy of typical letters.

The Noise Wall Survey stated that the responses received would be used to determine if a noise barrier would be built, and that no response would be counted as a “No” vote. Property owners and residents were requested to provide their name, address, homeowner status (owner/resident, resident/tenant only, owner only) and texture/color preferences.

Voting choices included:

1. Should a wall be built?
  - Yes – a noise barrier **SHOULD** be built
  - No – a noise barrier **SHOULD NOT** be built
  - **NO OPINION** on a noise barrier
  
2. Concrete Texture Choice
  - Ashlar Stone
  - Dry Stack
  - Fieldstone
  
3. Concrete Color Choice
  - Gray
  - Beige
  - Tan

A space for additional comment comments was also included on each survey form.

### 3.2 TOTAL NUMBER OF POSSIBLE VOTES

Vote tallying followed the methods outlined in the 2019 ODOT Highway Traffic Noise Analysis Manual, Chapter J: Noise Public Involvement.

Vote tallying included the following methods:

- For owner-occupied dwellings, one ballot shall be solicited per benefitted receptor but is counted as two (2) votes/tallies.

- For rental properties, one owner ballot and one individual resident ballot shall be solicited and is counted as two (2) votes/tallies (one each).
- The owner will have the same number of votes as there are number of dwelling units and each rental unit will have one vote per unit.
- An owner-occupied residence of a multi-dwelling complex will receive one vote per number of units in the complex plus one additional vote as an occupant.

For abatement to be designed and constructed, a minimum of fifty-one percent (51%) of the benefited property owners and residents should respond in favor of abatement. The tables in Appendix D show the number of tallies provided per property and how votes were distributed.

## 4.0 VOTER RESPONSE AND RESULTS

Each NSA was considered individually. Results are summarized below.

### 4.1 BARRIER A VOTING RESULTS

Noise Sensitive Area A included 14 benefited receptors. The total number of possible votes for NSA A was 27. Ten respondents were in favor of construction of the noise barrier, and four did not respond. A total of 18 votes for the noise barrier provides an approval rate of 67 percent, which exceeds the required positive response rate of 51 percent. The noise barrier process is thus required to continue into design and construction. A summary of the votes is contained in the tables below.

**Table 4.1 NSA A Voting Results Summary**

Wall Construction		Texture		Color	
Yes	18	Ashlar Stone	5	Grey	4
No	0	Dry Stack	3	Beige	2
No Opinion/No Response	0	Fieldstone	2	Tan	3
% Acceptance	67	Chosen Texture		Chosen Color	
>51% in favor	Yes	Ashlar Stone		Grey	

### 4.2 BARRIER EE VOTING RESULTS

Noise Sensitive Area E included 33 benefited receptors. The total number of possible votes for NSA E was 56. Twenty-seven respondents were in favor of construction of the noise barrier, and six did not respond. A total of 42 votes for the noise barrier provides an approval rate of 75 percent, which exceeds the required positive response rate of 51 percent. The noise barrier process is thus required to continue into design and construction. A summary of the votes is contained in the table below.

**Table 4.2 NSA E Voting Results Summary**

Wall Construction		Texture		Color	
"Yes" Votes	42	Ashlar Stone	13	Grey	14
No" Votes	0	Dry Stack	7	Beige	3
No Opinion/No Response	0	Fieldstone	4	Tan	3
% Acceptance	75	Chosen Texture		Chosen Color	
>51% in favor	Yes	Ashlar Stone		Grey	

### 4.3 BARRIER F NORTH AND F SOUTH VOTING RESULTS

Noise Sensitive Area F included 155 benefited receptors. The total number of possible votes for NSA A was 307. A total of 98 respondents, including the apartment owners (French Creek Development LLC and French Creek Holdings 123 LLC) were in favor of construction of the noise barrier, while 59 benefited receptors did not respond. A total of 226 votes for the noise barrier provides an approval rate of 74 percent, which exceeds the required positive response rate of 51 percent. The noise barrier process is thus required to continue into design and construction. A summary of the votes is contained in the table below.

**Table 4.3 NSA F Voting Results Summary**

Wall Construction		Texture		Color	
Yes	227	Ashlar Stone	111	Grey	107
No	0	Dry Stack	39	Beige	14
No Opinion/No Response	0	Fieldstone	11	Tan	29
% Acceptance	74	Chosen Texture		Chosen Color	
>51% in favor	Yes	Ashlar Stone		Grey	

### 4.4 BARRIER G NORTH VOTING RESULTS

Noise Sensitive Area G included 106 benefited receptors. The total number of possible votes for NSA A was 210. A total of 65 respondents were in favor of construction of the noise barrier, one had no opinion, and 40 benefited receptors did not respond, including the owner of the condominiums (Carmel Woods). A total of 115 votes for the noise barrier provides an approval rate of 55 percent, which exceeds the required positive response rate of 51 percent. The noise barrier process is thus required to continue into design and construction. A summary of the votes is contained in the table below.

**Table 4.3 NSA G Voting Results Summary**

Wall Construction		Texture		Color	
Yes	115	Ashlar Stone	17	Grey	28
No	0	Dry Stack	35	Beige	5
No Opinion/No Response	55	Fieldstone	11	Tan	18
% Acceptance	55	Chosen Texture		Chosen Color	
>51% in favor	Yes	Dry Stack		Grey	

## 5.0 CONCLUSIONS/RECOMMENDATIONS

The public involvement surveys showed that the benefited receptors strongly favored the construction of noise barriers in NSAs A, E, F, and G. The noise barrier process should continue forward into design and construction for the approved barriers. The preferred texture for the side of the barriers facing the residents for NSAs A, E, and F was Ashlar Stone and the preferred color was gray. The preferred texture for NSA G was Dry Stack and the preferred color was gray. The color and texture for the highway side of the wall has yet to be determined.

Re: I-90 Expansion, LOR-I90-10.76, Project PID: 107714

Barrier [A,E,F or G]

Dear Neighbor:

The Ohio Department of Transportation (ODOT), as part of the ongoing roadway construction project to expand I-90 from four to six lanes (LOR-I90-10.76), has determined your property would receive an acoustic benefit from a proposed noise wall if one were to be constructed along I-90. Responses to the enclosed Noise Wall Survey will be used to determine whether a noise wall should be built and if so what the portion of the proposed noise wall facing your property should look like.

The purpose of a noise wall is to substantially reduce the level of traffic noise near your property; it will not eliminate all traffic noise. Construction of a noise wall will result in no cost to property owners. Note that trees in ODOT's right-of-way may need to be removed or trimmed to build a noise wall.

Property owners and occupants benefitting from a noise wall are surveyed on whether they desire to have the recommended noise wall constructed as part of the roadway project. The decision to construct a noise wall will depend on responses. If the majority of survey respondents ( $\geq 51\%$ ) do not want the noise wall, or if there is a lack of interest or lack of response to the survey, then ODOT *will not* construct the noise wall. Likewise, if the majority of survey respondents ( $\geq 51\%$ ) are in favor of a noise wall, then ODOT *will* proceed with construction.

Please take a few minutes to complete the enclosed survey by June 30, 2023. A low response rate from your neighborhood will be considered a lack of interest and may result in a noise wall not being constructed.

Note that responses received will not be shared with any neighbors. ODOT will inform the neighborhood of the overall results of the noise survey. If you have any questions, please feel free to contact me at (419) 207-7171 or by email at [Levi.Wingler@dot.ohio.gov](mailto:Levi.Wingler@dot.ohio.gov).

The Ohio Department of Transportation is committed to providing access and inclusion and reasonable accommodation in its services, activities, programs, and employment opportunities in accordance with the Americans with Disabilities Act (ADA) and other applicable laws. To request a reasonable accommodation due to a disability, or language interpretation or translation services, to participate in ODOT's project development process, please contact Levi Wingler, Environmental Specialist, (419) 207-7171 or by email at [Levi.Wingler@dot.ohio.gov](mailto:Levi.Wingler@dot.ohio.gov) no later than June 9, 2023. Public participation is solicited without regard to race, color, sex, age, national origin, or disability.

Sincerely,

Levi Wingler  
Environmental Specialist

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier [A, E, F, or G]

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

Printed Name: \_\_\_\_\_  
 Signature: \_\_\_\_\_  
 Address: \_\_\_\_\_  
 Email Address: (optional) \_\_\_\_\_  
 Phone: (optional) \_\_\_\_\_

**Please check one:**

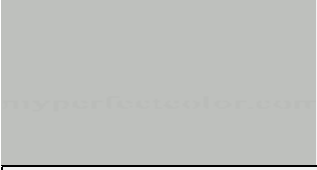

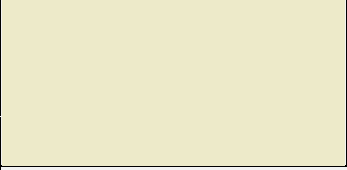

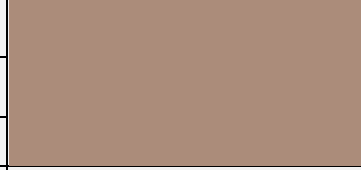

- I own and live at the property.
- I rent/lease the property.
- I own but do **NOT** live at the property.

**Please check one:**

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be “A noise barrier SHOULD NOT be built.” If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		1		1
	2		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		3
Grey		Beige		Tan

Re: I-90 Expansion, LOR-I90-10.76, Project PID: 107714

Barrier G

Dear Neighbor:

The Ohio Department of Transportation (ODOT), as part of the ongoing roadway construction project to expand I-90 from four to six lanes (LOR-I90-10.76), has determined your property would receive an acoustic benefit from a proposed noise wall if one were to be constructed along I-90. Responses to the enclosed Noise Wall Survey will be used to determine whether a noise wall should be built and if so what the portion of the proposed noise wall facing your property should look like.

The purpose of a noise wall is to substantially reduce the level of traffic noise near your property; it will not eliminate all traffic noise. Construction of a noise wall will result in no cost to property owners. Note that trees in ODOT's right-of-way may need to be removed or trimmed to build a noise wall.

Property owners and occupants benefitting from a noise wall are surveyed on whether they desire to have the recommended noise wall constructed as part of the roadway project. The decision to construct a noise wall will depend on responses. If the majority of survey respondents ( $\geq 51\%$ ) do not want the noise wall, or if there is a lack of interest or lack of response to the survey, then ODOT *will not* construct the noise wall. Likewise, if the majority of survey respondents ( $\geq 51\%$ ) are in favor of a noise wall, then ODOT *will* proceed with construction.

Please take a few minutes to complete the enclosed survey by July 27, 2023. A low response rate from your neighborhood will be considered a lack of interest and may result in a noise wall not being constructed.

Note that responses received will not be shared with any neighbors. ODOT will inform the neighborhood of the overall results of the noise survey. If you have any questions, please feel free to contact me at (419) 207-7171 or by email at [Levi.Wingler@dot.ohio.gov](mailto:Levi.Wingler@dot.ohio.gov).

The Ohio Department of Transportation is committed to providing access and inclusion and reasonable accommodation in its services, activities, programs, and employment opportunities in accordance with the Americans with Disabilities Act (ADA) and other applicable laws. To request a reasonable accommodation due to a disability, or language interpretation or translation services, to participate in ODOT's project development process, please contact Levi Wingler, Environmental Specialist, (419) 207-7171 or by email at [Levi.Wingler@dot.ohio.gov](mailto:Levi.Wingler@dot.ohio.gov) no later than July 14, 2023. Public participation is solicited without regard to race, color, sex, age, national origin, or disability.

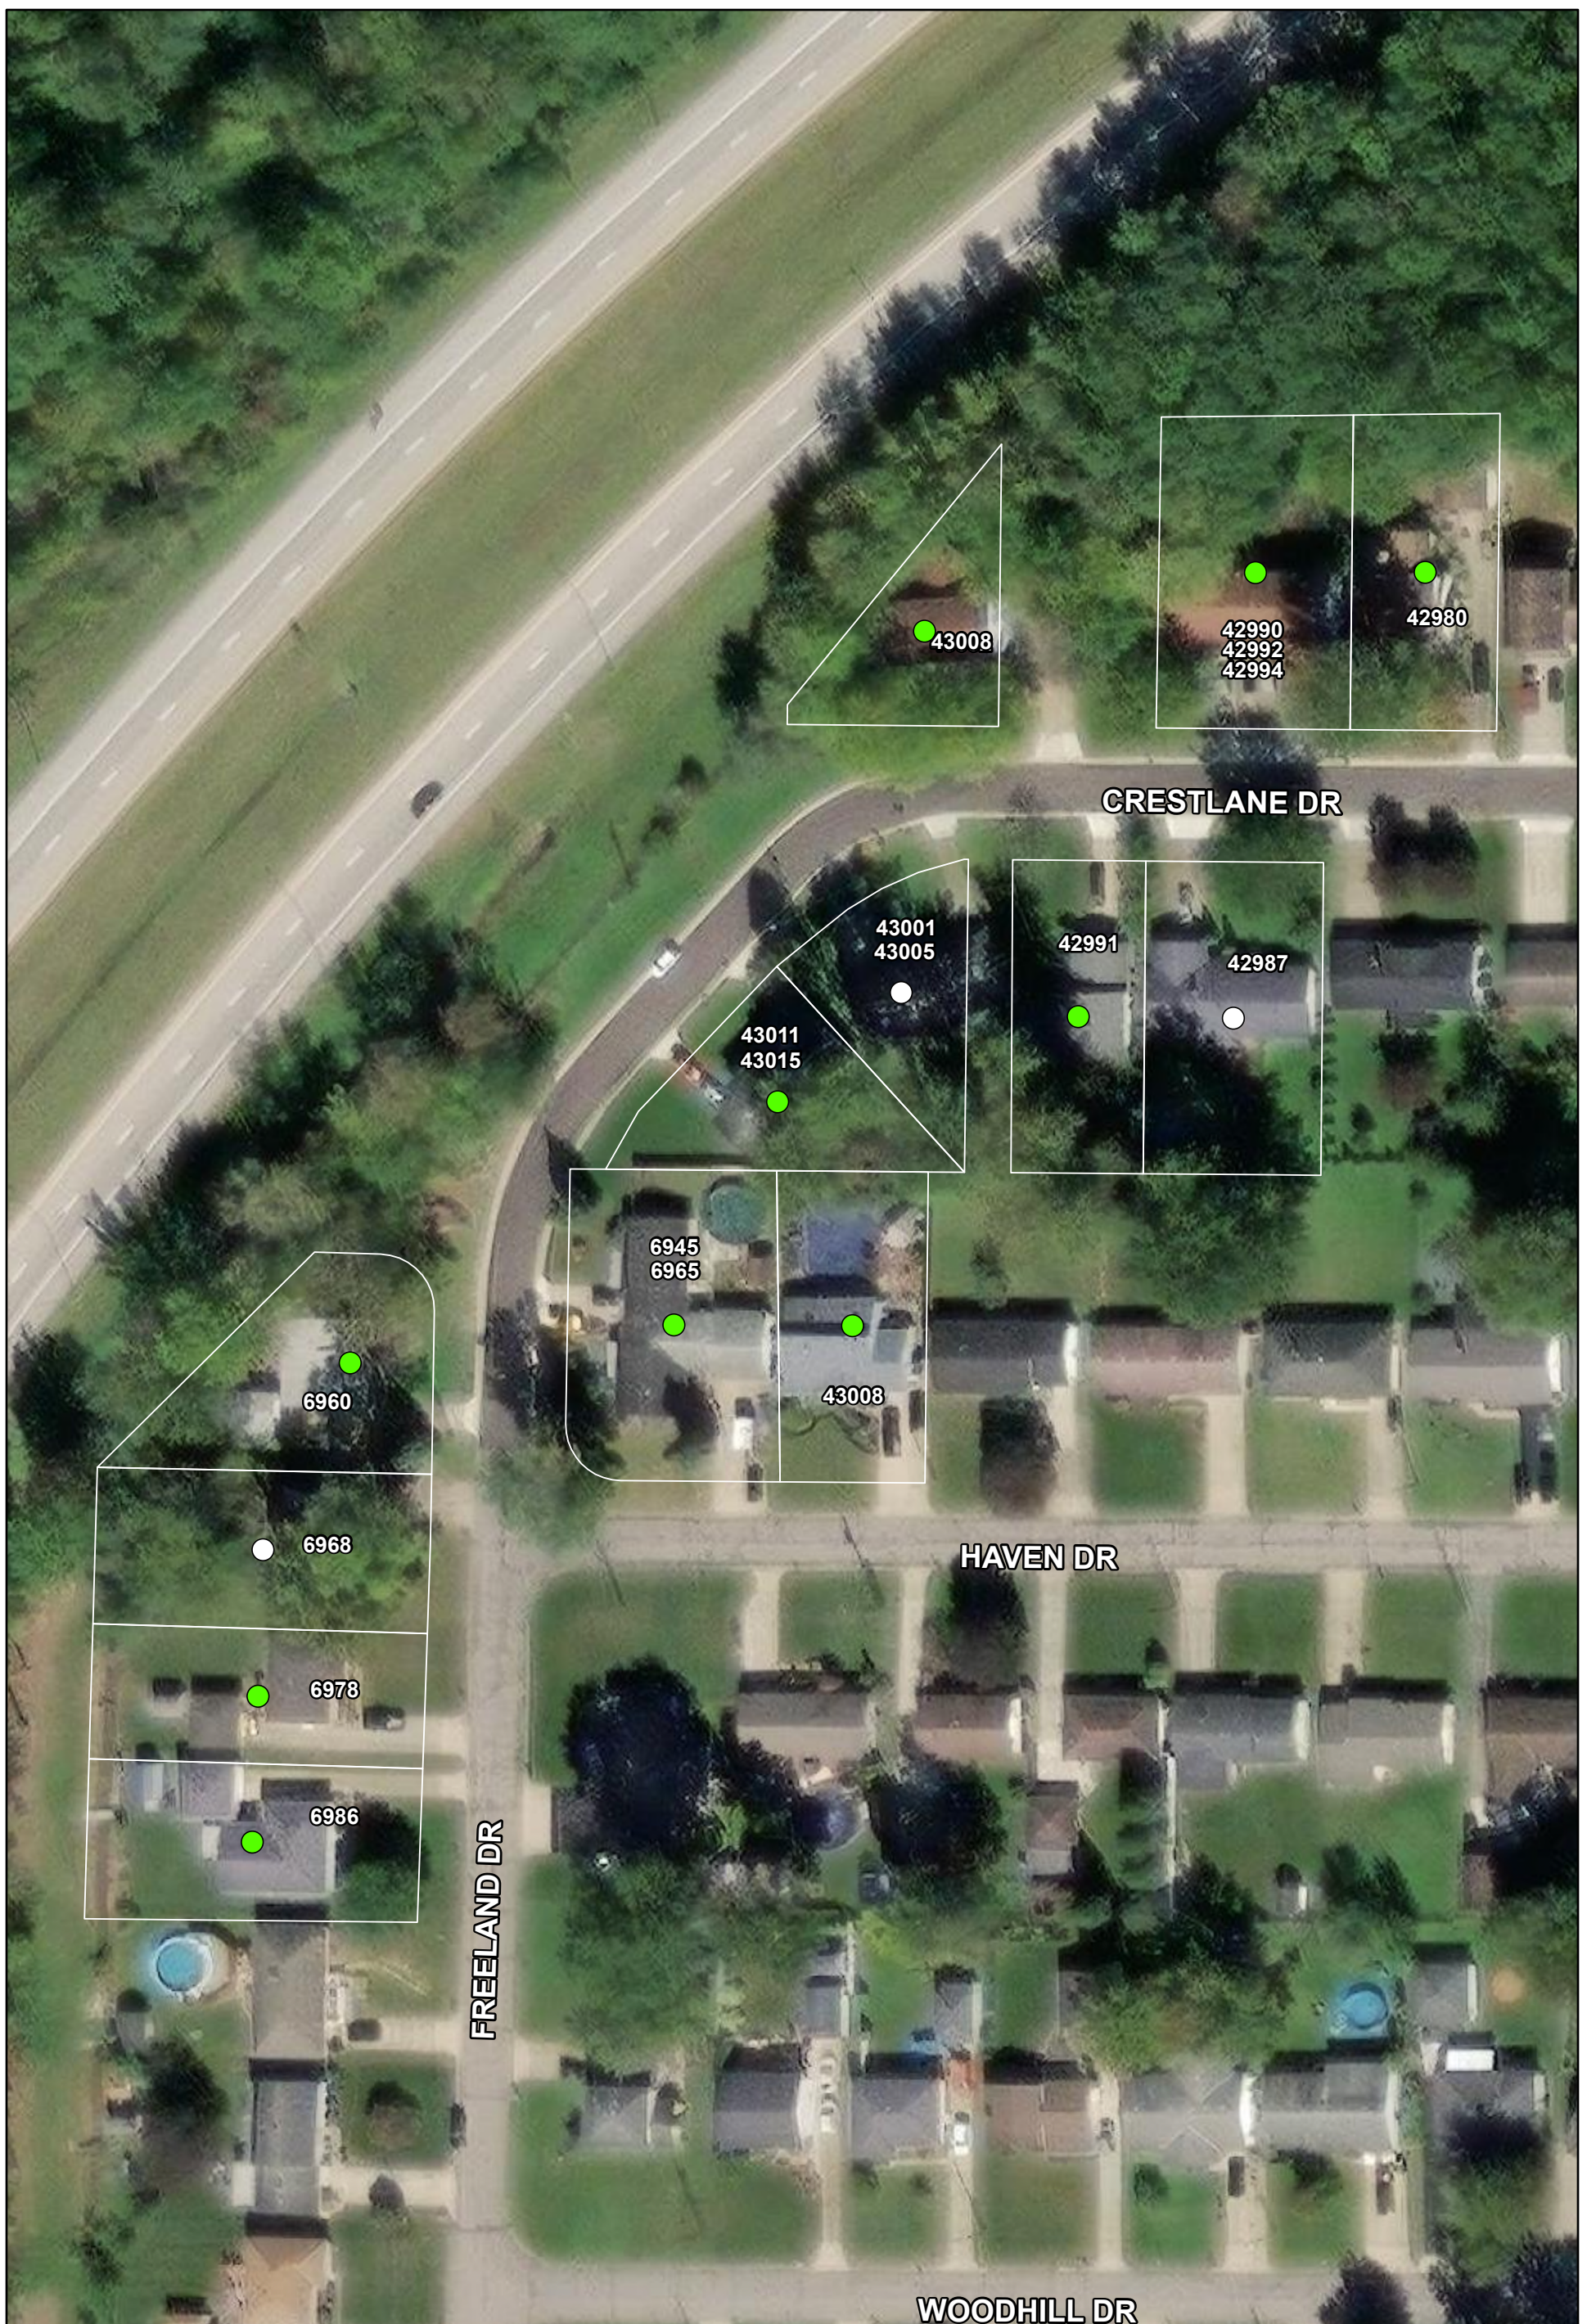

Sincerely,

Levi Wingler  
Environmental Specialist

Barrier A Top Choices: Ashlar Stone Texture - Gray

Noise Wall Survey Responses.  
 Barrier EE East.  
 LOR-I90-10.76  
 PID 107714

- No Response
- Yes

Map ID	owner_name	mailing_ad	city_state_zip	Barrier	I Own/Live at Property	I rent/lease the property	I own but do NOT live at property	Number of Votes	Yes, a noise barrier should be built	"YES" VOTES	No, do not build	No opinion	"NO" VOTES	Ashlar Stone Texture	Dry Stack Texture	Fieldstone Texture	Gray	Beige	Tan	Comments
E-18	ROBERT A GRAY	24315 HEDGEWOOD	WESTLAKE, OH 44145	EE				2		0										
E-19	CORY A KISEL	126 HEMLOCK DR	ELYRIA, OH 44035	EE	X			2	1	2				3	2	1	2	1	3	CK: It would be nice to maintain as many trees as possible if the road is to expand and sound barrier to be built. ML: 126/128 is a duplex. Cory Kisel owns and lives in one half of the duplex and presumably rents out the other half, so he/she received 2 votes for living in one half and one additional vote for being the owner of the other half
E-20 & 21	PHILLIP I & JANE M KIMBLE	6410 MURRAY RIDGE RD	ELYRIA, OH 44035	EE			X	1	1	1				1	2	3	1	2	3	I received 2 surveys since I own 2 properties on Hemlock. I'm returning both. 2nd.
E-22	FKA HOLDINGS LLC	144 HILLCREST LN	ELYRIA, OH 44035	EE		X		1	1	1				2	3	1	2	3	1	The noise issue has been a problem since the homes were built- a noise barrier would be of significant benefit
E-23	ZACHARY I RUMANCIK	140-142 HEMLOCK DR	ELYRIA, OH 44035	EE	X	X		2	1	2				2	1	3	1	2	3	This noise barrier is greatly needed. I'm curious how far into the brush/tree line would get removed as some of it is nice to have & look at.
E-24	CRAIG J GILLEN TRUSTEE	146 HEMLOCK DR	ELYRIA, OH 44035	EE			X	1	1	1				1	2	3	1	3	2	
E-25	PHILLIP I & JANE M KIMBLE	6410 MURRAY RIDGE RD	ELYRIA, OH 44035	EE			X	1	1	1				1	2	3	1	3	2	I received 2 surveys since I own 2 properties on Hemlock. I will send both. This is the 1st.
E-26	THOMAS J WENDLING	152 HEMLOCK DR	ELYRIA, OH 44035	EE	X			2	1	2				1	2	3	1	2	3	
E-27	HILL WOOD PROPERTIES LTD	141 ASHLAND AVE	ELYRIA, OH 44035	EE				2		0										
E-28	CHRISTOPHER CURCIO	160 HEMLOCK DR	ELYRIA, OH 44035	EE				2		0										
E-29	ERIK A & KELLY BREUNIG	411 EAST AVE	ELYRIA, OH 44035	EE			X	2	1	2				1	2	3	1	2	3	ML: The Bruenigs are the landowners of the duplex at 164/166 Hemlock so they received 2 votes
E-30	CYNTHIA M MATIA	170 HEMLOCK DR	ELYRIA, OH 44035	EE	X			2	1	2					1	2	3			ML: Half of response sheet is missing; no information on whether respondent lives at residence or rents the space. Assume she is the owner/resident.
E-31	LOGAN MANAGEMENT	141 ASHLAND AVE	ELYRIA, OH 44035	EE				2		0										
E-32	JASHUHA M AYERS	176 HEMLOCK DR	ELYRIA, OH 44035	EE	X			2	1	2				2	1	3				Excited for the wall!
E-33	RAHMAN MOHD ABDEL	180 82 HEMLOCK DR	ELYRIA, OH 44035	EE	X			2	1	2				1	3	2	1	3	2	The noise barrier will have a huge positive impact on the quality of our life. Thank you in advance.
E-34	TYLIN LIMITED	260 LOGAN ST S	ELYRIA, OH 44035	EE			X	1	1	1				1	2	3	1	2	3	
E-35	HOME IS HERE LLC	22 RIDGEVIEW CIR	MILAN, OH 44846	EE			X	1	1	1				3	1	2	3	2	1	RE: I-90 Expansion, LOR-190-20-76, Proj PID: 107714 Barrier EE
E-36	ELISABETH ANTIC	192 HEMLOCK DR	ELYRIA, OH 44035	EE	X			2	1	2				2	1	3	1	2	3	
E-37	MICHAEL GEHRKE	196 HEMLOCK DR	ELYRIA, OH 44035	EE	X			2	1	2					2	1	3			OMG!!! Thank you. The noise is defening!! The trucks shake my house. Motorcycles wake me up.
E-28iii	JAMES A & SHAMONE R PANTER	169 HEMLOCK DR	ELYRIA, OH 44035	EE	X			2	1	2				1	2	3	3	1	2

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier A

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

Printed Name:

Signature:

Email Address: (optional)

Phone: (optional)

*Christina Funk*  
*Christina Funk*  
*4900 Freedland Dr. Ellettsville, Mo.*  
*404-400-6888*

Please check one:

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

Please check one:

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	<input checked="" type="radio"/> 1		<input type="radio"/> 1		<input checked="" type="radio"/> 1
	<input checked="" type="radio"/> 2		<input type="radio"/> 2		<input type="radio"/> 2
	<input type="radio"/> 3		<input checked="" type="radio"/> 3		<input type="radio"/> 3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	<input checked="" type="radio"/> 1		<input type="radio"/> 1		<input type="radio"/> 1
	<input type="radio"/> 2		<input checked="" type="radio"/> 2		<input type="radio"/> 2
	<input type="radio"/> 3		<input type="radio"/> 3		<input checked="" type="radio"/> 3
Grey		Beige		Tan

# NOISE WALL SURVEY

Ohio Department of Transportation District #3  
906 Clark Avenue  
Ashland, OH 44805

Levi Wingler, Environmental Specialist  
Levi.Wingler@dot.ohio.gov  
(419) 207-7171

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier EE

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

Printed Name:

Gary Brouder

Address:

187 Hemlock Dr. Elyria, Oh. 44035

Email Address: (optional)

Phone: (optional)

440-749-8810

### Please check one:

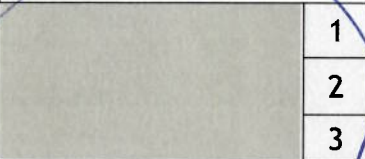

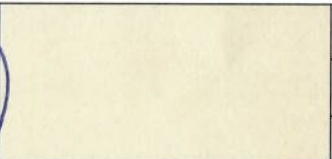

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

### Please check one:

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		1		1
	2		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		3
Grey		Beige		Tan

906 Clark Avenue  
Ashland, OH 44805

Levi Wingler, Environmental Specialist  
Levi.Wingler@dot.ohio.gov  
(419) 207-7171

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier EE

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

Printed Name:

Craig Gillen Trustee  
~~Craig Gillen Trustee~~  
146 Hemlock Drive, Elyria, OH 44035

**Please check one:**

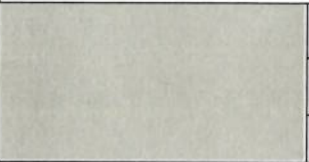

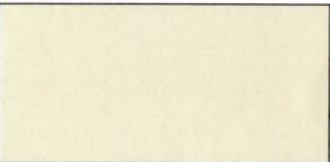

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

**Please check one:**

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		1		1
	2		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		3
Grey		Beige		Tan

# NOISE WALL SURVEY

Ohio Department of Transportation District #3  
906 Clark Avenue  
Ashland, OH 44805

Levi Wingler, Environmental Specialist  
Levi.Wingler@dot.ohio.gov  
(419) 207-7171

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier F

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

Printed Name:  
Signature:

*5205 PARKHURST LN*  
*ASHLAND OH 44805*  
*419-207-9274*

**Please check one:**

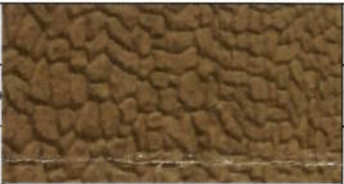

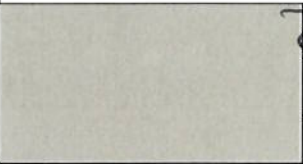

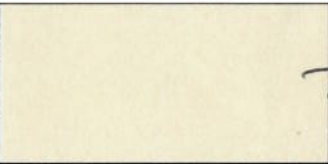

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

**Please check one:**

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	<input checked="" type="radio"/> 1		<input type="radio"/> 1		<input type="radio"/> 1
	<input type="radio"/> 2		<input checked="" type="radio"/> 2		<input type="radio"/> 2
	<input type="radio"/> 3		<input type="radio"/> 3		<input checked="" type="radio"/> 3

Additional Comments:

We know the barriers work in Westlake. Am sure they will work in Sheffield Village. ALL FOR PUTTING one up.

Thank you for your time and consideration. Please return this survey using the enclosed postage-provided envelope.

# NOISE WALL SURVEY

Ohio Department of Transportation District #3  
906 Clark Avenue  
Ashland, OH 44805

Levi Wingler, Environmental Specialist  
Levi.Wingler@dot.ohio.gov  
(419) 207-7171

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier F

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

### Please check one:

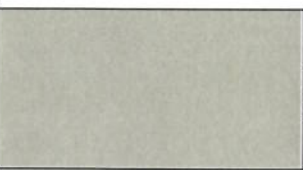

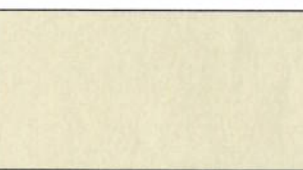

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

### Please check one:

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		1		1
	2		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		3
Grey		Beige		Tan

<b>Comment</b>	Thank you for sending me the survey for building the sound barrier on the project to expand I-90 to three lanes in each direction. I would definitely like this project to proceed with the noise wall behind my house. Just to let you know the road noise from the trucks sometimes would shake my house as they drove over the freeway.

# NOISE WALL SURVEY

Ohio Department of Transportation District #3  
906 Clark Avenue  
Ashland, OH 44805

Levi Wingler, Environmental Specialist  
Levi.Wingler@dot.ohio.gov  
(419) 207-7171

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier F

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

rhale64@yahoo.com  
440-541-6542

Please check one:

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

Please check one:

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		1		1
	2		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		3
Grey		Beige		Tan	

Additional Comments:

I really think we need a barrier for our  
protection. We can't tell if cars are coming because

**Please check one:**

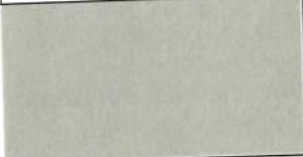

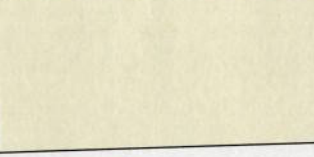

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

**Please check one:**

- A noise barrier SHOULD be built.
- A noise barrier SHOULD NOT be built.
- NO OPINION on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		1		1
	2		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		3
Grey		Beige		Tan

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier F

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

- I own but do NOT live at the property.

Please check one:

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	①		1		1
	2		2		②
	3		③		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		①		1
	②		2		2
	3		3		③
Grey		Beige		Tan

Levi.Wingler@dot.ohio.gov  
(419) 207-7171

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier F

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier F

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

Printed Name: Sandra A. Allen  
 Signature: Sandra A. Allen  
 Address: 5309 Sanctuary Lane Sheffield Village, Oh. 44054  
 Email Address: (optional) Sallen4@oh.rr.com  
 Phone: (optional) \_\_\_\_\_

**Please check one:**

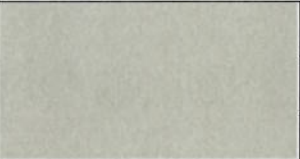

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

**Please check one:**

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		1		1
	2		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		3
Grey		Beige		Tan	

Additional Comments: Thank you!! I hope everyone returns their survey  
I really don't care what type or color - But we need a sound barrier

Thank you for your time and consideration. Please return this survey using the enclosed postage-provided envelope.

I am wide open right up to I 90 + it is loud

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	①		1		1
	2		②		2
	3		3		③
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		①
	②		2		2
	3		③		3
Grey		Beige		Tan

# NOISE WALL SURVEY

Ohio Department of Transportation District #3  
906 Clark Avenue  
Ashland, OH 44805

Levi Wingler, Environmental Specialist  
Levi.Wingler@dot.ohio.gov  
(419) 207-7171

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier F

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier F

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

Printed Name:

Signature:

Address:

Email Address: (optional)

Phone: (optional)

MARCUS OWENS  
Marcus Owens  
4350 Westmont Dr. Sheffield Village, OH 44054

Please check one:

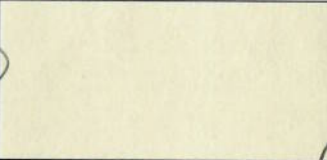

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

Please check one:

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		1		1
	2		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		3
Grey		Beige		Tan	

Additional Comments:

Thank you for your time and consideration. Please return this survey using the enclosed postage-provided envelope.

[EXTERNAL EMAIL - Please use caution]

Good morning Kashmira,

I was looking at the mailing list and didn't see the address below. Could you double check to see if a survey was sent out to this location? It looks like they fall under the "benefitted, not impacted".

Thank you

**Subject:** I-90 expansion

Good afternoon Levi,

My name is Kim Sayers and my husband is Willard (Bill) Sayers. My neighbor received a letter in the mail today, June 10<sup>th</sup> with a survey about the i-90 expansion, LOR-190-10.76 PROJECT PID: 107714. We did not receive a letter and I know in the letter it states to contact you by the 9<sup>th</sup>. However, this letter was not even delivered until June 10<sup>th</sup> so I hope we are still able to receive a survey from you to fill out. It would be greatly appreciated.

Thank you in advance,

Kim and Bill Sayers

**Subject:** LOR-I90 survey

Kim,  
Thanks for reaching out to Levi about the traffic noise survey. For some reason, the county auditor has your mailing address listed as 9513 Darrow Rd Vermilion OH so that is where we mailed the survey. I have attached a pdf of the letter (with corrected address) and survey form. The deadline for responding is June 30. I will drop a hard copy in the mail to you at the Berkeley Dr. address today with a stamped return envelope.

Thanks and we look forward to hearing from you.

# NOISE WALL SURVEY

Ohio Department of Transportation District #3  
906 Clark Avenue  
Ashland, OH 44805

Levi Wingler, Environmental Specialist  
Levi.Wingler@dot.ohio.gov  
(419) 207-7171

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier G

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

Printed Name:

Steven Holtzman

Email Address: (optional)

Stevenholtzman@hotmail.com

Phone: (optional)

**Please check one:**

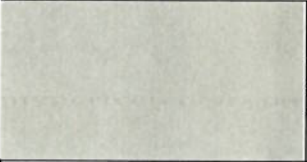

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

**Please check one:**

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		1		1
	2		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		3
Grey		Beige		Tan	

Additional Comments:

Thank you for your time and consideration. Please return this survey using the enclosed postage-provided envelope.

### Additional Comments:

A wall is greatly needed here. It is already too noisy with the traffic noise. Expanding lanes will only make it noisier!!!

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier G

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

Printed Name: \_\_\_\_\_  
 Signature: Brandie R. Shaffer  
 Address: 2527 Daegan Drive Avon, OH 44011  
 Email Address: (optional) brandie.r.shaffer@gmail.com  
 Phone: (optional) 440 420 7077

**Please check one:**

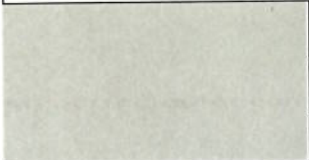

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

**Please check one:**

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		1		1
	2		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		3
Grey		Beige		Tan	

Additional Comments:

Thank you for your time and consideration. Please return this survey using the enclosed postage-provided envelope.

- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		①		1
	②		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		③
Grey		Beige		Tan

# NOISE WALL SURVEY

Ohio Department of Transportation District #3  
906 Clark Avenue  
Ashland, OH 44805

Levi Wingler, Environmental Specialist  
Levi.Wingler@dot.ohio.gov  
(419) 207-7171

I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier G

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier G

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

Printed Name:

CHING-FENG LAI

Signature:

*[Handwritten Signature]*

Address:

39357 Korado Ct, Avon OH 44011

Email Address: (optional)

Phone: (optional)

**Please check one:**

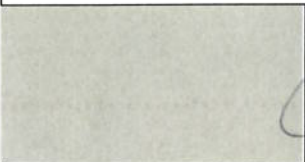

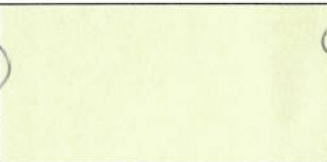

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

**Please check one:**

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		1		1
	2		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		3
Grey		Beige		Tan

If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:

CONCRETE TEXTURE CHOICE					
	1		1		1
	2		2		2
	3		3		3
Ashlar Stone Texture		Dry Stack Texture		Fieldstone Texture	
CONCRETE COLOR CHOICE					
	1		1		1
	2		2		2
	3		3		3
Grey		Beige		Tan	

Additional Comments: No opinion on texture nor color but we believe a barrier should be built. We experience  
Thank you for your time and consideration. Please return this survey using the enclosed postage-provided envelope.  
Much noise especially in the winter when there are no leaves on trees to help with the highway noise.

# NOISE WALL SURVEY

Ohio Department of Transportation District #3  
906 Clark Avenue  
Ashland, OH 44805

## I-90 Expansion, LOR-I90-10.76, Project PID: 107714 Barrier G

You are receiving this survey because ODOT has determined your property would receive an acoustic benefit from a proposed noise barrier if one were to be constructed. Responses to this questionnaire will be used to determine whether a noise barrier should be built and, if so, what the portion of the proposed noise barrier facing your property should look like.

Phone: (optional) \_\_\_\_\_

**Please check one:**

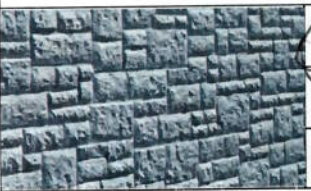

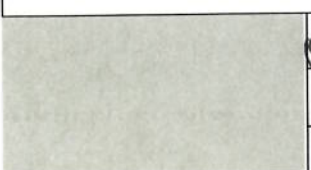

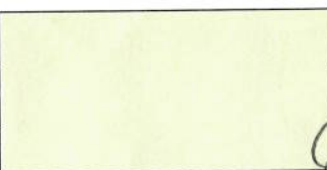

- I own and live at the property.
- I rent/lease the property.
- I own but do NOT live at the property.

**Please check one:**

- A noise barrier **SHOULD** be built.
- A noise barrier **SHOULD NOT** be built.
- NO OPINION** on a noise barrier

If we do not receive a response from you, we will consider your vote to be "A noise barrier SHOULD NOT be built." If positive responses from all properties in the neighborhood (see attached map) who would benefit from a noise wall are less than 51%, we will consider there to be a lack of interest and a noise barrier will not be built.

Please indicate your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice for concrete texture and for concrete color by circling 1, 2, or 3 next to each texture/color choice:
