Pickaway County Engineer  
121 W Franklin Street  
Circleville, OH 43113

RE: MAD/PIC-71-4.56/0.00, PID 107630, Letter of Agreement

Dear Mr. Mullins,

The above-referenced project will address the State of Ohio Department of Transportation's (ODOT's) need to perform the following: perform a major rehabilitation of MAD-IR71-7.30 to 9.37 and PIC-IR71-0.00 to 3.16 to include pavement replacement and widening to add a third lane, structure work and widening and culvert work. Some of the project will include work at CR3 (London Road) and CR160 (Carson Road) in Pickaway County.

In order to facilitate construction activities through the ODOT program, we seek your approval to have temporary and non-exclusive access to use the county right of way as outlined on the plan sheets in order to perform the project improvements.

If you are willing to grant ODOT and its authorized contractor(s) permission to utilize the areas listed above in order to perform the work as outlined on the attached plan sheets, ODOT will perform this work in the county right of way at no additional cost to the County, unless outlined in a project planning agreement. If you are in agreement, please provide your signature below indicating your concurrence. Please return the signed letter to me at your earliest convenience so that ODOT can move forward with the project.

If you have any questions regarding this letter or would like to discuss the project further, please do not hesitate to contact Danilo Puozzo, Project Manager, at danilo.puozzo@dot.ohio.gov or Tammy Boring, Real Estate Administrator, at 740-833-8287. We greatly appreciate your assistance and attention to this matter.

Sincerely,

  
Lori J Duguid, District 6 Deputy Director

C: Danilo Puozzo & Tammy Boring
