Dear Scott:

Project: ODOT - SUM-CRM-2.34 - PID 116540 – 500008821-0001, City of Macedonia, Summit County

The East Ohio Gas Company d/b/a Dominion Energy Ohio (Dominion) appreciates this opportunity to work with you in the planning stages of your construction activity, and we look forward to working with you proactively. Dominion's primary concern when activities are taking place near our pipeline is public safety and environmental protection. The intent of this correspondence is to provide a clear and consistent set of requirements that will: (1) reduce the risk of damage to our pipeline and related facilities; (2) ensure unencumbered access to our right-of-way and pipeline facilities and the availability of adequate workspace for routine maintenance, future inspection, and/or repair work on our pipeline; and (3) enable the effective corrosion protection of our pipeline.

After a review of the plans for the above referenced project as provided by your office on 10/03/2022 Dominion approves the plans as submitted. Please note that Dominion does have facilities within the scope of the project area. You are required to contact OHIO811.org Call Before You Dig (1-800-362-2764) or 811, prior to your excavation or hand digging and submit an excavation ticket.

If during construction any perceived issue, conflict, or problem occurs with a Dominion facility, the authorized agent for the project should notify Dominion immediately by contacting the designer listed below or by email to relocation@dominionenergy.com. Dominion will make best efforts to work with the authorized agent for the project and the contractor to resolve conflicts and prevent delays.

Dominion's response is based on the project information you or others provided for this project. The location of Dominion facilities within the project area are based on the records of the original installation, and are therefore approximate, and not guaranteed. Dominion has no knowledge or information of changes that may have been made to the site after the original installation. Any reliance on the information provided is solely at the risk of the user, who agrees to indemnify, defend, and hold Dominion, its shareholders, officers, directors, employees, representatives, agents, parent, affiliates, and subsidiaries harmless, to the fullest extent permitted by law, from and against any and all loss, claims, demands, damages, injuries, or suits in anyway arising out of or incident to its use.

Dominion will not be liable for nor accept any contractor delay costs that the company has not had sufficient time to review, dispute and/or resolve.

Please maintain communication with this office regarding the project and its schedule. Contact me if you have any questions.

Sincerely,

DOMINION ENERGY OHIO
