Subject: APPLICATION FOR CONSTRUCTION/ALTERATION PERMIT
Aeronautical Study No: 2023-DOT-4155-OE (2023-AGL-14849-OE)

To Whom It May Concern,

In response to the application concerning the proposed construction/alteration described above, an independent study has been conducted under provisions of Ohio Revised Code Chapters 119 and 4561 to determine whether the proposed construction/alteration would be an obstruction to air navigation. The findings of that study are as follows:

The proposed construction/alteration falls outside the limits set forth in Section 4561.32 of the Ohio Revised Code and does not require a permit from this office. However, this does not exempt you from coordinating with local zoning authorities regarding compliance with established zoning ordinances. This also does not exempt you from your requirement to obtain a building/construction permit from the local/state building permit authority having jurisdiction.

If you have any questions, please call (614) 466-6804 or Toll Free (855) 867-1852.

Respectfully,

ODOT Office of Aviation
