Thanks so much, Jordan for the clarification.

The 153 bill just got re-sent up for proper coding, and the 400 dollar one, I vaguely remember, is being paid differently. I will confirm the 400 dollar payment method.

Talk to you soon.

Kimber,

I would assume that we need to pay both bills as they are both for time periods after the house was turned back over to ODOT and no longer being used as a field office.

It looks like one is from 2/20/23-3/20/23 and the other is 3/20/23-4/20/23

I'm not sure how the one for 3/20 – 4/20 is so high since the water was shut off at the beginning of that period but that's probably a questions for Thurston Water Dept.

Carly Sparrow is usually who I spoke with regarding the waterline / etc. His number is 740-407-2995. I believe the main number over there is 740-862-6003.

Let me know if you need anything else to pay these.

Thanks,

**Jordan Sharb, P.E.**

Morning Jordan:

To clarify, this is the \$400+ bill for the broken water pipe?

I have a \$153 final bill which needed different form to be paid..addressed to Shelly Co.

Which bill are you inquiring about?

Thanks,

Kimber,

I Just received another call from Shelly Company about this water bill from Thurston. Thurston is saying they received an email from ODOT stating that this bill was on Shelly Company. We previously were told that ODOT was handling the billing on this water bill since the house was turned over to ODOT at this time. They need to get it taken care of ASAP so that they don't send it to collections.

Can you please take care of this and pay it?

Thanks,

Sorry, sorry. Yes, Jordan that has been processed through Auditing. I will follow up with Arnetta to see if there is anything else she needs. This is for the water break...the final bill was for 153 or so. But, I will follow up with Arnetta on both.

Kimber,

I might be confused here... but I think the bill being paid by another project is for ODOT's disposal. I was asking about the water bill from Thurston. You had previously said you would process the water bill through realestate but Shelly received another bill. I can try to get a copy of the new bill but I'm not sure why they got another charge.

Thanks,

I will process the water bill for payment through our system as it was a "leased" location which falls under property management.

If possible, can Shelley get you the actual bill, she likes to have the real deal when she processes for payment.

Have not gotten final report from Asbestos yet, but should be arriving any day now.

Shelly Co. Received a bill from Thurston Water dept. for the water that was used when the house we're tearing down had the busted water line.

Can you pay this bill or would it be easier to reimburse Shelly co through the project?

We will need to let them know ASAP, so the bill is not racking up in their name.

Attached is the water bill for the water leak at the house.

I can pay this and then get it paid back thru the job if that is the easiest.
