Awesome. I started worrying this morning when the Spectrum bumped the arrival back to 5 pm tonight...just not a good thing to have these plans you get out on the road...and it just gets worse.

So, let's talk in the morning around 8, I can get the game plan. The son told me his Dad wants to come back once the tenant is out and live in the house until he has to vacate. Very emotional phone call with the son....his Dad understands, but built the entire property himself.... I am working on the revisions and corrections for 115989 and will send to you as soon as I put it all together. Maybe I could get the pics we need of interior and shed today.

I think you could handle them if we talk a little before and I am available by phone.

On the weather, I am concerned as well, supposed to start 5ish around here...and also, do not want the possibility of you travelling home in weather that worsens. Please advise your thoughts. Safety is first and foremost.

Do you think I can handle the interviews myself????

Yes I can meet with Thomas and Hope. I am a little concerned about the weather forecast.

Here is my memo requesting approval for the RSP.

Would you be able to meet Thomas and Hope on Friday in the afternoon?
