Morning everyone:

I have made contact with Charlie Rogers, a girl who is very pregnant, and her brother who lives at the old school house. I am going down to meet him and take pics of the right of way parcels. I have contact information to provide and just wanted to know if you knew when you were going to be able to work this appraisal into your schedules. Maybe I can set up the appointment for you.

Also, Thomas Rogers works second shift so can be available during normal business hours.

Best regards,

Kimber L. Heim

Thanks John! I had been out of the office for a sickness/death in the family, so I am still laying catch up. We will get a proposal to you asap.

Hi Again Gerald,

We received 'final' plans today (ahead of schedule). I am confirming if any additional iterations will be forthcoming.

Please confirm receipt and let me know if you need anything else for the cost proposal from West Erie. Thanks!

Respectfully,

Good Afternoon Greg and Gerald,

The ASC is signed by Reviewer and attached.

Please submit cost proposal (form re-attached for your convenience) as soon as you can, and I will get the funds encumbered and the authorization out to you immediately. Thanks!

Respectfully,

Hello Greg and Gerald.

Please provide cost proposal for one Limited Summary (limited to Before Only for total take and limited to the proposed approach(es) to value) for parcel 10 only. Please provide the Limited Summary cost,

one unit of PM, and the if-authorized costs for appropriation support (update and hourly fee) on the attached excel form or a separate cost proposal document.

Appraisal Review will be Harvey Norton of CO ODOT. Although the project will be in REAL OS, you can simply email the report to Harvey, and I will upload it upon approval. The scope meeting will be held shortly after authorization, and I am available for any scope questions needed before fee proposal.

Please coordinate your offer of accompaniment with Kimber as she will need to do RE-95 and pre-acquisition interview BEFORE or Simultaneous to your meeting with owner. I would propose a due date of 8/1/23 unless you can complete it sooner (can complete from preliminary plans as it is a total take parcel).

We need to act on this rather quickly due to the timing of fiscal shutdown in a few weeks, project demands (they want on site ASAP), and the timing of possible residential improvements underway. Thank you, Greg and Gerald for your help.

Respectfully,

John R. Wooldridge
