Attachments: 117460 Stage 3.docx; Crystal Reports ActiveX Designer - Estimator Estimate Detailed Report.pdf

Please find attached the estimate for the subject project. I have a total estimate cost of 106,000. The previous estimate was \$100,401. If you have any questions, please let me know.

Thanks,

Wenqin Chen

Hi Wenqin,

Attached is the updated paper estimate for the subject project. Let me know if you need anything else.

Thanks,

The only thing I have aside from the gensum is this estimate (attached) from stage 1. I requested an updated one from the consultant though and hope to be able to provide that to you soon.

I can generate the estimate. Do you have any pre item cost available?

Hi Wenqin,

The consultant (Tebbe Engineering) for the Village of Ashville ODOT-let project does not have access to an estimator license. This is a fairly small job with only 8 lines items and instead of making the Village to pay for the consultant's estimator license, I was wondering if you might be able to populate the estimate using the gensem provided. Let me know if that is ok.

Thanks,

Kelsey Vandia

Hi Wenqin,

Attached is the gensum file for this project. Can you create the estimator file? I requested a paper copy of the estimate from the consultant and will get that to you as soon as I can. Let me know if you have any questions.

Thanks,
