

## **GRE-68-12.65 (PID 115388) - Transmittal Sheet**

**RE:** Buildable Unit 3 & 4 – ‘Released for Construction’ Submittal

**To:** Katherine DeStefano, P.E. , ODOT Project Manager

**From:** Sean Wade, P.E., Eagle Bridge

**Submission Date:** April 28, 2025

**Review Response Date:** None

---

### **Submission Summary:**

- PDF Released for Construction Plans
- PDF of Released for Construction Drainage Report

### **Assumptions:**

### **Notes/Questions for Reviewer:**

- US Bridge is actively developing shop drawings for Spans 1 and 4.
- Steven Steel Supply is actively developing shop drawings for the guilloche pattern, lettering, and emblems.
- Disposition of comments from final submission are within the Bluebeam sessions.
- The Greene Co. Engineer’s Office has been contacted several times with no response. Their stormwater design manuals are not available online. We will continue to reach out to them for resolution on their detention requirements.
