Re: CLE SR 48/132 6.62/17.76 PID 102771

Dear Neighbor:

The Ohio Department of Transportation (ODOT) intends to perform bridge maintenance on the CLE-48-0662 bridge that carries SR-48 over O'Bannon Creek and CLE-132-1776 that carries SR-134 over the Stonelick Creek. The CLE-48-0662 bridge will be replacing expansion joints and overlaying the bridge deck. The CLE-132-1776 bridge will be overlaying the bridge deck, replacing the low side deck edge, painting fascia beams, and other minor maintenance tasks.

In order to perform the work, the CLE-48-0662 bridge SR-48 will be closed and detoured for 7 consecutive days between June 1 to August 15. The CLE-132-1776 bridge will require SR-132 to be closed and detoured for 30 consecutive days between June 1 to August 15. The detour routes for these locations are described below:

Closure Location	Detour Route
CLE-48-0662 (bridge over O'Bannon Creek)	SR-48, IR-275, US-22, SR-48
CLE-132-1776 (bridge over Stonelick Creek)	SR-132, US-50, SR-133, SR-131, SR-132

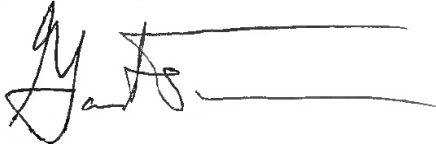

To minimize the impacts to public service providers, ODOT is reaching out to your agency to inform you of these impacts and to gather feedback on improving the MOT/Coordination. Scope of work, detour maps, project mapping, and this letter are viewable at the following ODOT FTP site: https://ftp.dot.state.oh.us/pub/Districts/D08/Public_Agency/102771

Construction for this project will begin Spring 2026 and expect to be completed by Fall 2026. We sincerely appreciate your cooperation and feedback for this worthwhile project. Should you want to comment on this project please do so before February 9th, 2025, using the following address:

Ohio Department of Transportation District 8 Office
Attention: Keith Smith, P.E., DEC
505 South State Route 741
Lebanon, OH 45036-9518
Telephone Number: 1-800-831-2142

Or you can e-mail your comments to the Environmental PM, Anthony Pankala P.E., anthony.pankala@dot.ohio.gov. If you have any questions regarding the above, please contact Garret Freeman, P.E. ODOT Project Manager at (513) 933-6657.

Respectfully,

A handwritten signature in black ink, appearing to read "Garret Freeman", is written over two horizontal lines. The signature is stylized and cursive.

Garret Freeman, P.E.
