DEPT. OF TRANS.  
DIST. 9  
DEP. DIR. OFFICE  
REFERRED

Mr. John Hagen  
Ohio Department of Transportation  
650 Eastern Avenue  
Chillicothe, OH 45601

*C: L. Hill - please prepare response.*

Dear Mr. Hagen:

I am writing to you on behalf of the Lynchburg-Clay Board of Education.

In communications with ODOT Director, Jerry Wray, I was informed that the district nine office is investigating, for possible action, the intersection of S.R. 50 and S.R. 134.

*C: Baird (ACTION)  
Susp. file  
3/15*

As you may or may not be aware our district is constructing two new schools approximately one mile south of this intersection. Our buses, faculty, and student drivers will be using this intersection twice a day during the school year.

Increased truck traffic on S.R. 50, due to three gravel quarries hauling stone to the Cincinnati area, has caused considerable concerns about this intersection.

We are scheduled to break ground this spring and expect to be in our new facilities next winter.

Would you please consider giving me an update on your plans for this intersection? I can be reached at the address above. Thank you!

Sincerely,

R. Gregory Hawk  
Superintendent  
Lynchburg-Clay Local Schools
