Subject: Fw: Fuel Service Signs

Bill,

Could you please cancel this order for the Fuel Service Sign. Don Lambert measured the existing panel, and it is for 24"x24" panels, and he had one in his stock that he can use, so we won't need these signs. I will send Don an email as soon as the Gas Station is open to erect the sign on the existing panel. Please let me know if you have any questions.

Thanks,
