

TRAFFIC ENGINEERING REPORT
INTERSECTION OF
U.S. 23 & ROZELLE CREEK ROAD
ROSS COUNTY

EXISTING CONDITION

U.S. 23 is a four lane divided highway traveling South to North. The pavement width is 48 feet. The ADT is 17,060. The counts were taken in 1990. Rozelle Creek Road is a 2 lane rural highway traveling West to East. Rozelle Creek Road stops for U.S. 23.

TRAFFIC CONTROL

Stop signs on Rozelle Creek Road.

PROBLEM

Accidents occurring from cross traffic crossing U.S. 23.

RECOMMENDATIONS

1. Install Flasher/Amber - U.S. 23/Red - Rozelle Creek Road.
2. Provide acceleration lane for Rozelle West to U.S. 23 North Bound.
3. Eliminate thru movements crossing U.S. 23.
4. Eliminate U.S. 23 left turn from South bound lane.
5. Rubber mounted lane dividers.
