Subject Re: Fw: PID 85150 - Railroad Agreement 

History:

 This message has been forwarded.

John,

So I'm clear on your request: please verify my understanding of the following - see attached:

- a) Project is CUY-480-10.54/VAR Bridge Painting - (the rail line involved is CSX, not NS)
- b) At least one location (CSX bridge over IR480) with possible inclusion of the SR94/State St. bridge over CSX

Since we can handle this w/a Letter Agreement, no Engineering Agreement is necessary, but I would recommend that \$8000 be encumbered to cover CSX's review and consultant time needed for this project. According to ELLIS, this project is scheduled to file in March of 2011, with a sale date in 2014...

Once I hear back from you that this amount has been encumbered, I will put the Letter Agreement together for movement out to CSX...

Let me know...

John Threat/Production/D12/ODOT

Richard, the subject job requires a railroad agreement for the structure shown below and may require inclusion of a second location (SR94 over I-480 and Norfolk Southern). I will review the second location and send you an update as soon as possible. The SR94 grade separation is about 1 mile west of the Broadview Rd crossing.

1. Preliminary Engineering for all other railroads (Maintenance jobs)

a. Definition of scope.

Painting Structural Steel

b. Provide basic information (location maps, description of work, specifics of work areas).

Painting Structural Steel (fully contained blasting and painting per our specs.) [attachment "Broadview Rd. over I-480.gif" deleted by Richard
