Subject Re: Fw: PID 85150 - Railroad Agreement 

Shelley, I require the information that follows to begin the railroad agreement process . I will review the SR 94 location. In the meantime, I advise to provide location maps for both SR94 and Broadview. If SR94 is not required, then I will omit the location map. Thanks

1. Preliminary Engineering for all other railroads (Maintenance jobs)

a. Definition of scope.

Painting Structural Steel

b. Provide basic information (location maps, description of work, specifics of work areas).

Painting Structural Steel (fully contained blasting and painting per our

specs.) 

c. Railroad Agreement process begins.

I am not sure what you need from me in this item.

Sample preliminary engineering packages are found at:

It appears as though Cuy-480-1506 is one structure over I-480 and the RR. Please see the attached bing maps photo.

None of the included structures cross a railroad, so we should be good.

Subject Fw: PID 85150 - Railroad Agreement

Herk,

Ellis shows no RR involvement on the subject job. Is Ellis correct or should I review the locations further?

Subject PID 85150 - Railroad Agreement

Hi John -

Can you please refresh my memory on whether or not we need a railroad agreement for the subject project? If we do need one, can you please update me on the status the agreement?

Thanks,
Shelley
