Structure: CUY-480-1506  
**AAR/DOT No.:** 524 293E  
**CSXT Reference:** Milepost: QDS-12.72  
Great Lakes Division / Cleveland Short Line Subdivision  
OP No.: OH0821

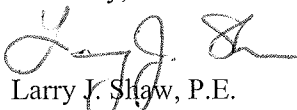

Dear Mr. Threat:

This acknowledges receipt of your electronic transmission of March 7, 2011 which forwarded Plans (1-9 of 9) for the subject project. Under the authority of the Letter Agreement provided to CSXT by the Ohio Department of Transportation, such plans have been distributed for review and comment and initiation of the CSX Transportation, Inc. (CSXT) Force Account process.

As information, URS Corporation has been authorized by CSXT – Public Projects Group, under the direction of Ms. Karen Mohler, to provide preliminary engineering and administrative services for public improvement projects in the State of Ohio. URS responsibilities include, but are not limited to, site visits, project meetings, plan reviews and comments, preparation of the Force Account Estimate, and preparation of the Preliminary Engineering and Construction agreements. The Agreements and final project approval shall be subject to CSXT management approval.

Please note that this review does not address real estate issues or installation/relocation of overhead or underground utilities (other than CSXT's own facilities). If any of these situations apply to your project, you are directed to contact Mr. Jim Shircliff, CSX Highway Projects Specialist (904.279.4597) or Mr. Chase Browning, CSX Contract Administration Specialist (904.279.3820) respectively. Please ensure that any private utilities that may be affected are notified of this requirement.

Sincerely,

  
Larry J. Shaw, P.E.  
Program Manager  
URS Corporation
