John -

The plans specify that all work is to be performed on existing R/W, easements or on property of the State of Ohio; therefore, CSXT property will not be accessed per the plans.

The entire project will be approximately 6 months (sells 2/9/12 with a construction completion of 9/15/12). I do not know specifics on the duration at this structure. I can talk to construction and get their opinion if you would like. Please let me know.

Shelley

Hi Shelley,

Larry Shaw (URS) asks for the following before processing the Agreement/ Force Account Estimate (I will respond):

1. Determination of access to CSXT right-of-way
2. Duration of work

We are not accessing CSXT property correct?  
Do you have an estimation of work duration?

Respectfully,
