Subject CUY-480-10.54/VAR, PID 85150 - URS outstanding
comments?

John,

I remember seeing an email from you to Larry Shaw responding to his inquiry to his 6/8/11 letter to you (attached) about whether there was a need for ground level access for this project (which if I remember correctly you indicated that no access was needed(?)) - Did you also respond to the number of days of work were anticipated, so that he can put together an FAE for the project?

Let me know...

Thanks...
