Dave/Curtice,

I made a CD with a copy of the As-built plans from AT&T, Cavalier, CEI, DEOG, First Communications, Intellifiber, Time Warner and XO Communications. The missing As-builts I am aware of are as follows:

>CEI:

****E.14th & Broadway relocations(I will follow-up with CEI)**

>DEOG:

****Carnegie Ave_6 inch crossing(I will follow-up with DEOG)**

****Orange Ave_20 inch replacement: I have the original plans but Ed Kisiel advise me there were several changes made during construction. I have a call and an email into the PM, Leighton McCoy to get the final plans.**

Dave...I will drop this CD off to you for your use and dissemination.

Thanks and let me know if you need any additional information.
