Casey,

I have attached the three drawings that I did for you. Feel free to send me the coordinates of that new pole and I can plot in the drawing to see where it falls. Let me know if you have any questions or need any additional information.

Thanks,

**Lori Dearnell, P.E.**

Lori, here are the GPS coordinates for the new pole and the new splitter cabinet. Thanks again for your help.

the new pole will be N38.51.717 / W082.53.946, the new splitter will be N38.51.721/ W082.53.950

Thanks,  
Casey Neal
