Dear Mr. Weeks:

**Re: SCI-823-6.81 PID 19415
Portsmouth Bypass Phase 1, Stage 1 Plans**

We have received your submitted plans for the above mentioned project and found we do have aerial and/or underground cable in your project area.

If pole lines need moving, we must receive a proposal from the utility companies located in your project area. Their proposal will determine how we will go about relocating or removing our facilities.

If you have any questions, concerns, or if I can be of further assistance, please give me a call at 469-5483. Please reference TWC Job # RI-1469.

Sincerely,

Gary Napier
