

LAW-SR 775-8.77 Utility Note

PID 118778

September 29, 2025

OUPS Notification Requirement

Per Ohio law (ORC 3781.28), all contractors must notify the Ohio Utilities Protection Service (OUPS) at least **two working days before any excavation**. This applies to all forms of digging, including trenching, boring, grading, or hand digging. Notification is made by calling **811** or contacting OUPS directly. Emergency excavations must be reported as soon as possible. Failure to comply may result in fines or liability for damages to underground utilities.

Hecla Water Association

No known conflicts within the construction zone.

The contact person is Joe Unger 740-533-0526 ext. 5

Lawrence County Engineer

No known conflicts within the construction zone.
