Jack Marchbanks, Ph.D.  
Director  
Ohio Department of Transportation  
1980 West Broad Street  
Columbus, OH 43223

Subject: MAD-70-10.29 (PID 93605) Interchange Modification Study Addendum

Dear Director Marchbanks:

This letter is in response to your November 22, 2021 request for Federal Highway Administration (FHWA), Ohio Division to review and approve an addendum to the previously approved MAD-70-10.29 (PID 93605) Interchange Modification Study. This addendum proposes modifications to the approved study which includes the I-70 interchange at SR-29 in Madison county. Based on the information provided in the addendum, the modifications will not have an adverse impact on the operations of the interstate facility, nor the local road system, and are acceptable based on safety, operations, and engineering considerations.

FHWA approves the addendum to the MAD-70-10.29 (PID 93605) Interchange Modification Study.

If you have any questions or comments, please contact Mark Donnelly, District 6 Transportation Engineer, at (614) 280-6836 or [mark.donnelly@dot.gov](mailto:mark.donnelly@dot.gov).

Sincerely,

**LAURA S  
LEFFLER**
