Re: STA-30-3263 (PID: 117923)
Letter of Notification of SFHA Exemption

Dear Mr. Turske:

The Ohio Department of Transportation project STA-30-3263 (PID: 117923) is located within Special Flood Hazard Area Zone AE in your community.

The project proposes to perform superstructure replacement on structure STA-30-3263 (SFN: 7601204) over Big Sandy Creek.

As a courtesy, we are informing you of this project. The above described work is considered work that does not change the alignment, grade, or hydraulic capacity of the existing structure. Because of this, the project is exempt from the normal permit process required for work encroaching on a SFHA. No further correspondence will be forthcoming.

If you need additional information, please contact Mike Palagano at 330.786.4851.

Respectfully,

A handwritten signature in blue ink that reads "Mike Palagano".

Mike Palagano
Transportation Engineer/Hydraulic Engineer
