Re: WOO-281-11.97 (113085)
Letter of Compliance

Dear Dave Steiner:

Enclosed please find the floodplain analysis for Ohio Department of Transportation project WOO-281-11.97 (113085). The subject roadway project encroaches upon a Special Flood Hazard Area Zone AE within your community at the location identified in the attached report. The hydraulic calculations and No-Rise Certification Form provide the necessary documentation of compliance to all federal, state, and local floodplain standards as required.

If you need additional information, please contact Mike Gramza at (567) 318-1534.

Respectfully,

A handwritten signature in cursive script that reads "Michael J. Gramza II".

Mike Gramza, P.E.
