\* Stationing is taken from the Storm Sewer alignment. See Appendix DR-02 Conceptual Drainage Evaluation, "Commercial Road Region Drainage - BMP View".

\*\* Stationing is taken from proposed Commercial Road alignment.

\*\*\* Utility facilities located under existing Commercial Road. Facility position varies with actual location on Commercial Road.

\*\*\*\* Utility facilities located under existing Commercial Road. Facility position varies with actual location on Commercial Road. This facility may not be relocated or impacted in any way. Load constraints are defined in existing easement documents.

Blank spaces in the matrix indicates information to be determined by the DBT.

Other potential conflicts may include existing storm, sanitary and combined sewers; overhead power and lighting lines; utility service connections and other above and underground facilities. Identified conflicts also include service disconnections for buildings to be demolished although they are not listed separately.
