**Subject:** RE: PID 110412, FAI-37-6.10, Parcel 20, GR protection

Thanks so much Doug. Looks good, I think they will feel much better and be able to “live out their days in their wonderful home” without fear.

I will keep my plans to meet on Thursday. Will give everyone an update as soon as I am back to the office.

Kimber,

Attached is a plan sheet showing the potential GR installation along SR 256 to protect the house located on parcel 20.
