Hi, Brian –

Attached are the revised drawings showing Clarence Court regraded, as well.

Please let me know if you have any questions or comments.

Thank you!

Regards,

Thanks, Brian.

We can look into that, and send you a profile for that roadway, too.

Have a good weekend!

Hi Dustin,

Very good work.

We need to work on CLARENCE COURT ROADWAY PROFILE.

I think we need to extend the excavation to the east and flatten the slope.

Thanks Brian

Hi, Brian –

We did some quick grading for the SR13 project, see attached. We included some profiles, too.

Please let me know if you need anything else with respect to this roadway, at this time.
