

MAY 2026 PROGRAMMATIC

D11 Proj.: HOL-39-28.99 PID 124831

Ohio Department of
Transportation

This presentation will provide an overview of the subject project that will be placed on the upcoming programmatic selection for consultant design services.

HOL-39-28.99 PID 124831

- Project Description:
Construct a single-lane roundabout at the intersection of SR 39 and CR 114 to improve safety.

2 | Proj. HOL-39-28.99 PID 124831

Ohio Department of Transportation

The project will improve safety by constructing a new single-lane roundabout at the intersection of SR 39 and CR 114 in Holmes County, just southeast of the unincorporated community of Walnut Creek. The project is located at SLM HOL-39-28.99.

AVAILABLE PROJECT INFORMATION

- Some project information is available at the following FTP site:
 - <https://ftp.dot.state.oh.us/pub/Districts/D11/124831>
 - The PIP will be released through SAFE on the programmatic scheduled date
 - D11 does not release the PIP early
 - All information on the FTP site is subject to change, please review the information in SAFE to create your LOI

Additional project information is available on the District 11 ftp site, at the link shown on your screen. The Project Initiation Package document, along with a more complete and detailed scope of work will be released through The ODOT Scope and Fee System (or SAFE) at the request for LOIs. All information on the FTP site is subject to change. Ensure you review the ftp site and the information in SAFE before completing your LOI for this project.

Here is an image showing the anticipated project limits from ODOT's TIMS application.

PROJECT SCOPE

- The major items of work include:
 - Replace the 2-way stop-controlled intersection with a modern single-lane roundabout
 - Replace and/or rehabilitate existing drainage facilities as needed
 - Install new highway lighting
 - Utility relocation is anticipated
 - New permanent right-of-way is anticipated
 - Develop an abbreviated MOTAA to evaluate MOT alternatives, including, but not limited to, detours and part-width construction
 - Possible public open house

The major scope items are listed here. An updated and more complete list will be released in SAFE at the beginning of the LOI process.

CONSULTANT PREQUALIFICATIONS

- Non-Complex Roadway Design
- Limited Lighting Design
- Various Environmental Services
- Various Geotechnical Services
- Subsurface Utility Location Services
- Limited ROW Plan Development
