Report of Final Inspection

CONTID: GEA102434	County/Route/Section: GEA-422-12.26 Deck
ALT ID: 21-0056	Federal Project Number: E170(310)
Contractor: Ruhlin Company	
Date Work Started: March 20, 2022	
Date Physical Work Completed: TBD	
Date of Final Inspection: August 24, 2022	

This Report of Final Inspection is prepared pursuant to C&MS 109.12.

Work Performed: Improving GEA-422-12.26 in Geauga County by reconstructing Bridge No. 422-1226, rehabilitating the concrete substructure over the Cuyahoga River and other related work

I, Lance M. Jethrow, P.E., have inspected the Project or a representative portion thereof and have found the work to be:

substantially complete with punch list items found by the Final Inspector. (Punch List Completion report required)

substantially complete. The Contractor completed the physical work on _____ and is relieved of further maintenance responsibilities for the work represented by this inspection.

Punch List:

1. Complete remaining bid work including final seeding and installation of trees
2. Tighten the guardrail end terminal cables throughout the project
3. Repair hit guardrail
4. Fill in around guardrail posts throughout the project
5. Remove object markers from guardrail
6. Reapply EB edge line from approximately DR-2 to the east project limits
7. Repair erosion along the concrete block mat at DR-2. Shape mat (swale) to contain water flow.
8. Clean inlet / outlet of culvert beneath DR-4
9. Repair/Repave damaged pavement of DR-4
10. Eliminate drop-off from shoulder pavement along northwest quadrant
11. Establish 70% grass coverage

12. Remove construction fence and all erosion and sediment control items once project permanently stabilized

The above punch list items are to be completed by October 15, 2022.
